

Rcd 6/7/23

June 6, 2023

I would like to give my opinion as to opposing the Humboldt Reserve LLC. Project in Hydesville. My reasons are the amount of employees and the possible criminal backgrounds of some employees could lead to possible theft to surrounding residences and businesses. The amount of possible trash produced which could attract rodents not only to that business but also to surrounding homes and businesses. The amount of water usage if they decide to use well water considering California goes into droughts on a yearly basis could affect outlying properties who depend on water for their homes and livestock. The noise/smell can be an issue when they are using fans to vent their product/cannabis, that odor can be very pungent. These are a few of my concerns and would rather there is not a grow operation near me.

Thank You.
