DISCUSSION

This project involves installing roof mounted solar photovoltaic panels at the Water Treatment Plant Reservoir and Tank Farm. This project was advertised for bid on March 26, 2023, and bids were opened on April 27th, 2023. Three (3) bids were received. Staff reviewed and evaluated the bids and determined all bids to not be within the budgeted amount. Accordingly, staff recommends rejecting all bids and plans on requesting an extension on our CEC loan to rebid this project at a later date.
