The Planning and Building Department received a petition for a street name or change of street name signed by all the properties owners that take access from the street in question. The two-lane county-maintained road is 0.57 miles from beginning to end. The Department of Public Works is supportive of the name change as long as the applicant pays for all the costs associated with installing new street name signs.

RE: **LAKE BENBOW DRIVE (CO. RD. NO. 6B183), APN 033-301-015,
APPS# PLN-2023-17970**

Project: A Petition to change a County Maintain Road name from "Lake Benbow Drive" to "Benbow Inn Drive".

The Public Works Department does not object to the proposed street name change. However, changing a streets name does affect existing street name signs installed along the road. The existing street name signs will need to be replaced with new signs reflecting the new street name. The street name change will necessitate that Public Works Department replace existing street name signs with new street name signs. Public Works recommends the following:

1. The subject road crosses under a State Highway maintained by CalTrans District 1. Therefore, CalTrans District 1 shall be notified of the street name change.
2. When a street name change requires approval of the Planning Commission and/or the Board of Supervisors, the resolution (or action) approving the street name change shall be made contingent upon the applicant paying the Public Works Department for all costs associated with installing new street name signs.
3. When a street name change is approved administratively, such approval shall not be made until the applicant pays the Public Works Department for all costs associated with installing new street name signs.
4. Provide Public Works – Road Maintenance Division and Public Works – Land Use Division with the documents approving the street name change.
