DISCUSSION:

The AIDS Drug Assistance Program (ADAP) helps ensure that people living with HIV and AIDS who are uninsured and underinsured have access to medication. People applying for ADAP must do so at a certified enrollment site with a certified enrollment worker. DHHS - Public Health is the only certified enrollment site in Humboldt County. Individuals who are enrolled in ADAP may also be eligible for the Health Insurance Premium Payment (HIPPP) program, or the Medicare Part D Premium Payment (MDPP) program.

The HIPP program is a subsidy program that pays monthly health insurance premiums for ADAP clients. Individuals enrolled in the HIPP Program are also eligible for the Medical Out-of-Pocket Benefit, which covers outpatient medical out-of-pocket costs that count towards the client's health insurance policy's annual out-of-pocket maximum.

The MDPP program pays Medicare Part D and Medigap insurance premiums for individuals who are enrolled in ADAP and a Medicare Part D prescription drug plan. Individuals enrolled in the MDPP Program are also eligible for the Medical Out-of-Pocket Benefit.

On February 11, 2014, your Board approved an agreement with the CDPH Office of AIDS to establish DHHS - Public Health as an enrollment site for ADAP. The agreement before your Board today will continue to designate DHHS - Public Health as an enrollment site for ADAP.

This contract includes a payment provision that will allow reimbursement based on the number of people enrolled in ADAP.
