

**Solicitation Number: RFP #060122****CONTRACT**

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and Caterpillar Inc., 510 Lake Cook Road, Suite 100, Deerfield, IL 60015 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Roadway Paving Equipment from which Supplier was awarded a contract.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

- A. **EFFECTIVE DATE.** This Contract is effective upon the date of the final signature below.
- B. **EXPIRATION DATE AND EXTENSION.** This Contract expires August 1, 2026, unless it is cancelled sooner pursuant to Article 22. This Contract may be extended one additional year upon the request of Sourcewell and written agreement by Supplier.
- C. **SURVIVAL OF TERMS.** Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All other rights will cease upon expiration or termination of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

- A. **EQUIPMENT, PRODUCTS, OR SERVICES.** Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above.

Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

Pursuant to Section 10(b), Supplier will subcontract certain obligations under this Contract to its dealers. Only those dealers that sign a Participation Agreement with Supplier obligating them to comply with the terms of this Contract will be eligible to provide Equipment, Products, or Services as a subcontractor under this Contract. In the event there is no dealer who has entered into a Participation Agreement available to provide Equipment, Products, or Services to a Participating Entity, Supplier will be under no obligation to provide Equipment, Products, or Services to such Participating Entity under this Contract. Supplier will provide a copy of this Contract to its dealers that would normally service Participating Entities and invite such dealers to enter into a Participation Agreement as a subcontractor of Supplier under the terms of this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. **WARRANTY.** Supplier warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Supplier warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Supplier's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that extends beyond the expiration of the Supplier's warranty will be passed on to the Participating Entity.

C. **DEALERS, DISTRIBUTORS, AND/OR RESELLERS.** Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

Upon request made to participating dealer of Supplier, from a Participating Entity identifying themselves as a Sourcewell participating entity by providing their Sourcewell participating entity number and contract number, formal quotes will list all costs, including all delivery expenses, such as freight and permits (when required).

Alternatively, Participating Entities may choose to make their own transportation arrangements. In such case, there will be no delivery charges from Supplier's local participating dealer.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. SHIPPING AND SHIPPING COSTS. All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. SALES TAX. Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are

clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;
- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities. Supplier may not enter into a contract with a U.S. Federal Government entity prior to obtaining necessary internal approvals and will not be obligated to provide Equipment, Products, or Services to any U.S. Federal Government entity under this Contract unless separately agreed in writing. Supplier may work with such parties and may agree to provide equipment or services under the Contract on a case-by-case basis.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Supplier. Typically, a Participating Entity will issue an order directly to Supplier's Participating Dealer with payment made to the dealer. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, other required transaction documentation, or any Participating Addendum, are to be negotiated between a Participating Entity and Supplier's Participating Dealer, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and Supplier's Participating Dealer. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone

agreement, apart from this Contract. Sourcwell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. **TERMINATION OF ORDERS.** Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

E. **GOVERNING LAW AND VENUE.** The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

7. CUSTOMER SERVICE

A. **PRIMARY ACCOUNT REPRESENTATIVE.** Supplier will assign an Account Representative to Sourcwell for this Contract and must provide prompt notice to Sourcwell if that person is changed. The Account Representative will be responsible for:

- Maintenance and management of this Contract;
- Timely response to all Sourcwell and Participating Entity inquiries; and
- Business reviews to Sourcwell and Participating Entities, if applicable.

B. **BUSINESS REVIEWS.** Supplier must perform a minimum of one business review with Sourcwell per contract year. The business review will cover sales to Participating Entities, pricing and contract terms, administrative fees, sales data reports, performance issues, supply issues, customer issues, and any other necessary information.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

A. **CONTRACT SALES ACTIVITY REPORT.** Each calendar quarter, Supplier must provide a contract sales activity report (Report) to the Sourcwell Supplier Development Administrator assigned to this Contract. Reports are due no later than 45 days after the end of each calendar quarter. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Supplier must submit a report indicating no sales were made).

The Report must contain the following fields:

- Participating Entity Name (e.g., City of Staples Highway Department);
- Participating Entity Physical Street Address;

- Participating Entity City;
- Participating Entity State/Province;
- Participating Entity Zip/Postal Code;
- Participating Entity Contact Name;
- Participating Entity Contact Email Address;
- Participating Entity Contact Telephone Number;
- Sourcewell Assigned Entity/Participating Entity Number;
- Item Purchased Description;
- Item Purchased Price;
- Sourcewell Administrative Fee Applied; and
- Date Purchase was invoiced/sale was recognized as revenue by Supplier.

B. ADMINISTRATIVE FEE. In consideration for the support and services provided by Sourcewell, the Supplier will pay an administrative fee to Sourcewell on all Equipment, Products, and Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter. Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Supplier agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

Sourcewell's Authorized Representative is its Chief Procurement Officer.

Supplier's Authorized Representative is the person named in the Supplier's Proposal. If Supplier's Authorized Representative changes at any time during this Contract, Supplier must promptly notify Sourcewell in writing.

10. AUDIT, ASSIGNMENT, AMENDMENTS, WAIVER, AND CONTRACT COMPLETE

A. **AUDIT.** Pursuant to Minnesota Statutes Section 16C.05, subdivision 5, the books, records, documents, and accounting procedures and practices relevant to this Contract are subject to examination by Sourcewell or the Minnesota State Auditor for a minimum of six years from the end of this Contract. This clause extends to Participating Entities as it relates to business conducted by that Participating Entity under this Contract.

B. **ASSIGNMENT.** Neither party may assign or otherwise transfer its rights or obligations under this Contract without the prior written consent of the other party and a fully executed assignment agreement. Such consent will not be unreasonably withheld. Any prohibited assignment will be invalid. Provided, however, that Caterpillar is permitted to subcontract certain of its rights and obligations to Caterpillar dealers for performance without Sourcewell's prior written consent.

C. **AMENDMENTS.** Any amendment to this Contract must be in writing and will not be effective until it has been duly executed by the parties.

D. **WAIVER.** Failure by either party to take action or assert any right under this Contract will not be deemed a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right. Any such waiver must be in writing and signed by the parties.

E. **CONTRACT COMPLETE.** This Contract represents the complete agreement between the parties. No other understanding regarding this Contract, whether written or oral, may be used to bind either party. For any conflict between the attached Proposal and the terms set out in Articles 1-22 of this Contract, the terms of Articles 1-22 will govern.

F. **RELATIONSHIP OF THE PARTIES.** The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. C. MARKETING. Any direct advertising, marketing, or offers with Participating Entities must be approved by Sourcewell. Send all approval requests to the Sourcewell Supplier Development Administrator assigned to this Contract.

D. ENDORSEMENT. The Supplier must not claim that Sourcewell endorses its Equipment, Products, or Services.

16. SEVERABILITY

If any provision of this Contract is found by a court of competent jurisdiction to be illegal, unenforceable, or void then both parties will be relieved from all obligations arising from that provision. If the remainder of this Contract is capable of being performed, it will not be affected by such determination or finding and must be fully performed.

17. PERFORMANCE, DEFAULT, AND REMEDIES

A. PERFORMANCE. During the term of this Contract, the parties will monitor performance and address unresolved contract issues as follows:

1. *Notification.* The parties must promptly notify each other of any known dispute and work in good faith to resolve such dispute within a reasonable period of time. If necessary, Sourcewell and the Supplier will jointly develop a short briefing document that describes the issue(s), relevant impact, and positions of both parties.
2. *Escalation.* If parties are unable to resolve the issue in a timely manner, as specified above, either Sourcewell or Supplier may escalate the resolution of the issue to a higher level of management. The Supplier will have 30 calendar days to cure an outstanding issue.
3. *Performance while Dispute is Pending.* Notwithstanding the existence of a dispute, the Supplier must continue without delay to carry out all of its responsibilities under the Contract that are not affected by the dispute. If the Supplier fails to continue without delay to perform its responsibilities under the Contract, in the accomplishment of all undisputed work, the Supplier will bear any additional costs incurred by Sourcewell and/or its Participating Entities as a result of such failure to proceed.

B. **DEFAULT AND REMEDIES.** Either of the following constitutes cause to declare this Contract, or any Participating Entity order under this Contract, in default:

1. Nonperformance of contractual requirements, or
2. A material breach of any term or condition of this Contract.

The party claiming default must provide written notice of the default, with 30 calendar days to cure the default. Time allowed for cure will not diminish or eliminate any liability for liquidated or other damages. If the default remains after the opportunity for cure, the non-defaulting party may:

-----------	----------	------------

10	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	<p>Caterpillar was founded in 1925 when two entrepreneurs merged their companies: Holt Manufacturing Company and C.L.Best Tractor Company. The merger was a great success because the ethics of both men were focused on high quality products and the best customer support.</p> <p>Since the founding, Caterpillar Inc. has retained the culture of focusing on customer needs and supporting products after the sale. Our company culture is keenly focused on customer satisfaction and every employee realizes that a customer's experience using the product will determine whether he or she will purchase another one.</p> <p>The key to this satisfaction is two-fold: build the best products and empower our dealers to offer the best support. Through this combination, we are proud to prove that our products offer the best value to our customers regardless of where they are located.</p> <p>We can prove measurable advantages in total owning and operating costs as well as tangible benefits in terms of standard safety features, telematic information sharing, and many training, and application support services offered by our dealers.</p>	*
11	What are your company's expectations in the event of an award?	<p>Caterpillar is honored to have served Sourcewell and its members who have purchased CAT construction equipment, work-tools, and electrical power generation products through Sourcewell since 2008. Furthermore, we are proud to have earned the Sourcewell Legacy Award in 2019. Caterpillar contributes well over half of the revenue Sourcewell receives in the current Heavy Construction contract 032119-CAT. We look forward to the opportunity to further grow business and serve member needs together in this new Roadway Paving Equipment contract.</p>	*
12	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response.	<p>Maintaining financial strength is a critical priority for Caterpillar. We receive debt ratings from the major credit rating agencies. Caterpillar is "mid-A" rated by S&P and Fitch and has a "low-A" rating with a positive outlook from Moody's. Maintaining our "mid-A" credit rating is critical to our cash deployment priorities. Due to our prudent focus on financial strength, on a comparative basis Caterpillar has generally demonstrated higher profitability, lower leverage, and better liquidity than our competitor peer group. Our liquidity position is extremely strong with typically the highest percentage of cash as a percent of total assets on the balance sheet vs our competitors.</p> <p>Please see the five-year financial summary recently published in the attached "2021 Caterpillar's SEC form 10K Financial Summary" in the "Financial Strength and Stability" zip folder, which provides additional details about our financial position. The full text of the 239-page 10-K document can be found on our public website: https://investors.caterpillar.com/financials/sec-filings/default.aspx.</p> <p>In 2021 full year sales and revenues were \$50.971B. 16	<p>How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization.</p> <p>a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned?</p> <p>b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?</p>	<p>Caterpillar is a world class manufacturer which distributes products through a vast and capable dealer network. Our dealers are strong independent companies and in North America alone they have a combined net worth of billions of dollars. Their large valuation is a competitive advantage because it allows them to have the infrastructure to support customers regardless of location, industry, fleet size, or application. We believe our dealers have the largest amount of service parts available in their inventory.</p> <p>Another advantage of independently owned dealers is that they know their customers and market well. They tailor their services specifically to their customers' needs. Caterpillar and each dealer have signed a sales and service agreement that outlines the specific expectations from both parties. In a broad overview, Caterpillar manufactures products and sells them to our dealers. The dealers then sell those products to customers. Caterpillar does not sell directly to state and local governments.</p> <p>Though we will sign this contract as a manufacturer, our dealers will be given the opportunity to avail themselves of the opportunity presented by the contract and will execute all the transactions with governmental customers as they do today. This includes but is not limited to consultation, quoting, accepting payment, delivery, warranty support, parts sales, and service. This is no different than sales occurring out the terms of this agreement.</p> <p>Caterpillar dealers heartily embrace the other Sourcewell contracts currently available to them (032119-CAT, 120617-CAT and 062320-CAT). They have all been trained on contract usage. In fact, the current Heavy Equipment contract is leveraged by 95% of our dealers in North America. Caterpillar offers specific discounts to Sourcewell members. By using any Sourcewell Contract, our dealers agree to honor those discounts.</p>	*
17	<p>If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.</p>	<p>To the extent of our knowledge, we are unaware of specific licenses or certifications required to pursue the business covered by this RFP.</p>	*

22	List any state, provincial, or cooperative purchasing contracts that you hold. What is the annual sales volume for each of these contracts over the past three years?	While CAT dealers would typically hold contracts with states and provinces, as an exception Caterpillar holds the state contract with Ohio, NY and Mississippi. Additionally, we are contract holders with OMNIA and NASPO ValuePoint. Just as we would never share Sourcewell transaction information with other cooperatives, we don't feel it would be honorable to share volumes with those contracts. However, we are happy to report that all of all of our contract sales, most are transacted via our current Sourcewell contracts.	*

Line Item	Question	Response *
26	Sales force.	<p>The CAT dealer salesforce is the most capable and highly trained in the industry. The CAT dealer sales people are consultants to their customers and advise their customers on the best solutions for their application and job. As a manufacturer we request our dealers to follow strict training protocols to ensure our sales force remains current on all product updates.</p> <p>Specifically, as it relates to governmental sales, each dealer has one or more people named to be a key liaison between us as manufacturer and their dealer sales team. This person is offered additional in-depth training on Sourcewell and ensures that all contract terms are followed. In addition, dealers also have paving specialists located in house to work with customers on all aspects of their paving business.</p> <p>In North America, our dealers employ more than 53,000 people across the machine, energy, parts and service divisions. Of this number more than 8% (4400) are in machine and parts sales; more than 39% (21,000) are in service and support.</p> <p>The dealer sales teams are supported by a network of Caterpillar professionals. Each dealer has in territory support of 5-8 Caterpillar sales/marketing employees. It is the responsibility of these people to ensure that the dealer and Caterpillar are working well together to constantly improve and to adapt to marketplace changes. Beyond the territory experts, the sales and marketing department at Caterpillar is staffed by more than 600 people who's mission is to focus on customer satisfaction. Even more are employed "behind-the-scenes" to ensure industry leading product design, up to date product information, and maintaining the ease of doing business in an increasingly connected marketplace.</p>
27	Dealer network or other distribution methods.	<p>The CAT dealer network is key to the success of our company. Within Canada and the United States, we have more than 800 dealer owned locations that sell and rent equipment. Please refer to our directory listing of CAT dealer locations and locations map in the attached "Additional Documents" zip file. CAT dealers are independently owned and many cover an entire state or province. In some cases, dealers cross state/provincial boundaries, and in other cases, more than one dealer will be located in a state). Each dealer has multiple branches and a mobile service fleet than can serve customers regardless of location. These are full physical locations our governmental customers can use.</p> <p>Because of the size of CAT dealers, they are exceptionally capable to serve governmental customers and customer in the governmental paving industry. Dealers have trained specialists that cover many industries like paving. To support these dealers and specialists in the field, Caterpillar has a paving division with 18 dedicated paving territory managers dedicated to training and focused on the paving industry. Caterpillar also pulls together the paving specialists into a Dealer Advisory group to have a continuous feedback loop on industry trends and to collaborate on future new product introductions.</p> <p>Collectively, CAT dealers' large net worth permits them to stock a high volume of replacement parts - allowing governmental customers the fastest turnaround on parts availability and repair time.</p> <p>CAT dealers recognize the importance of governmental business to their overall success and they each have one or more governmental specialists whose job it is to serve governmental agencies well.</p> <p>Please refer to the CAT dealer locations list and map included in "Additional Documents".</p>

28	Service force.	<p>At Caterpillar we are very proud of the saying "The sales department sells the first machine; the service department sells every one after that." The CAT dealer network in North America collectively employs more than 20,000 factory trained technicians, parts experts, product support managers and other service-oriented staff. These people are supported by the best repair shop equipment and materials. As machines and engines are constantly updated, so too are our service experts. We conduct product-specific training every week of the year. Technician shortage is an industry-wide concern, but because CAT dealers are large, long established companies, they can offer strong compensation and benefit packages that encourage the best people to seek employment and to retain them once hired. Caterpillar works very closely with dealers and through a program called "Think Big", we are able to keep the pipeline of high quality employees full.</p> <p>In addition to the technicians and mechanics that work on the machines directly, each dealer has a service support staff that includes customer-facing consultants who are responsible for working with customers to set up maintenance and repair schedules to ensure the best possible up-time.</p> <p>Collectively, service support staff makes up the bulk of each dealers' staff. Roughly half of their personnel investment goes to ensuring customer success via product support.</p> <p>The dealer service teams are supported by a network of Caterpillar professionals. Each dealer has in territory support of 5-8 Caterpillar parts/service employees. It is the responsibility of these people to ensure that the dealer and Caterpillar are working well together to constantly improve and to adapt to marketplace changes. Beyond the territory experts, the service and support groups at Caterpillar are staffed by thousands of people whose mission is to focus on post-sale customer satisfaction. Even more are employed "behind-the-scenes" to ensure technical literature is up to date, service standards are adhered to and repair questions are answered quickly. We exceed our 95% 2-hour response rate target in responding to dealer service inquiries.</p>
29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	<p>Our simple order process has been and will continue to be well appreciated by Sourcewell and Sourcewell members:</p> <ol style="list-style-type: none"> 1) When a member decides to purchase a new CAT machine, they simply include their Sourcewell member number on the Purchase Order they issue to the CAT dealer. 2) The CAT dealer then accepts the PO, issues the invoice, accepts payment and delivers the machine. 3) After the machine has been delivered, the dealer, as part of their normal process, includes the member number when filing their sales claims with Caterpillar. 4) As month end, Caterpillar aggregates these reports and sends the sales information quarterly to Sourcewell along with the administrative fee. <p>IMPORTANT NOTE: Should a member wish to include additional terms and conditions to this contract, or to otherwise request a Participating Addendum, that agreement / PA should be executed between the member and CAT dealer directly.</p>

30	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	<p>We are proud that our reputation stands on having the best customer support in the industry. In fact, our capabilities are industry leading. Should a customer ever have a problem or issue with a machine, their CAT dealer is empowered to resolve that issue locally. If the problem is a result of a defect in material or workmanship, Caterpillar will cover that completely within the standard warranty period. Every CAT dealer has a common detailed service process in place. Caterpillar supports and verifies that all the dealer service technicians are supplied with the tools and equipment needed to repair all CAT products.</p> <p>Technicians have access to an electronic library of technical information including Service Letters, Technical Information Bulletins, System Operations, Troubleshooting and Disassembly and Assembly manuals. These manuals are provided for every CAT product. Each dealer also has one or more "Technical Communicators" who are dedicated to supporting the service technicians by acting as a liaison between the shop personnel and Caterpillar.</p> <p>The service technicians also have a dealer support network (DSN) system with direct access to Caterpillar's Service Engineers. Caterpillar responds to more than 95% of all high priority tickets within one hour.</p> <p>Depending on a customer's needs, they may choose to handle service issues themselves, in conjunction with their dealer, or they may ask their dealer to handle them entirely. To meet the varying desires of each customer, Caterpillar offers a wide range of service programs:</p> <ul style="list-style-type: none"> -CAT EM Solutions -CAT Equipment Care Advisor-Monitor -CAT Equipment Care Advisor-Protect -CAT Inspect -Condition Monitoring -Customer Support Agreements -S-O-S Services 	*

For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	<p>We are happy to serve all Sourcewell Member sectors within the United States and Canada with our complete product and service offering through Sourcewell.</p> <p>Caterpillar's cooperative purchasing contracts are non-exclusive; i.e. none of them restrict Caterpillar from promoting any other cooperative purchasing contracts.</p>	*
35	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	There are no restrictions or limitations for sales to members in Hawaii, Alaska or U.S. Territories. 36	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	Our current marketing strategy with Sourcewell contract 032119-CAT proves to be effective with year over year sales growth. Should we be fortunate enough to be awarded a contract for Roadway Paving Equipment in response to RFP #060122, we will proudly announce the award publicly through our multiple customer facing touchpoints which may include: 1) Press Release 2) Government Solutions Magazine (Caterpillar produced magazine distributed to governmental customers in the US and Canada) 3) Government Training & Safety Days (Government customer training events at Caterpillar facilities) 4) Announcement in our monthly governmental customer e-newsletter 5) Feature on our governmental focused website: www.cat.com/governmental 6) Announcement on our social media channels (FB, Instagram, LinkedIn) 7) Display mentions at all governmental tradeshow we attend 8) Update literature with the new contact information.
37	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	Caterpillar and the CAT dealer network are leaders in using emerging technologies to reach our customers. We manage several Facebook pages, Instagram, LinkedIn, etc. and can target governmental segments separately. We also look at past purchase history and financing information to recognize in advance when customers may be considering replacing machines they own. We have a subscription to a third-party database (Deltek) which we use to monitor future funding. It is our intention to reach out (via CAT dealers) to these potential customers and recommend the Sourcewell solution as they prepare for future purchases and equipment rentals.
38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	We count on Sourcewell to promote themselves, awarded contracts and the viability of cooperative purchasing in general. We appreciate Sourcewell's presence in industry media, tradeshow, and their web presence. We also appreciate Sourcewell's "Get to know you" training forums, which many Caterpillar dealer sales teams have attended through the United States. While Sourcewell should continue their currently strong marketing efforts, we believe it is also our responsibility to promote the contract with our customer base. Some examples of our marketing efforts are mentioned in our response in line 35. We will also encourage these conversations between our sales force and the buyers and influencers who are considering our equipment for purchase. As Sourcewell is already well on the way to be the preferred selling method to non-federal governmental entities by CAT dealers, we will also encourage them to utilize this Roadway Paving Equipment contract 060122. There is a team of dedicated corporate governmental specialists whose job is to assist dealers with sales of all kinds. These team members are experts in cooperative purchasing and work daily with customers and dealers to answer questions and to facilitate its use. Additionally, Caterpillar has a dedicated marketing and field team of 15 individuals who specifically call on the paving industry. Caterpillar also has a Governmental Affairs team who will continue to work closely with Sourcewell's Governmental Affairs staff, when necessary, to lobby for procurement codes that allow the use of Cooperative Contracts.
39	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	Our parts division lends itself best to e-procurement and many CAT dealers offer that capability to customer via a dealer portal. Our machines are complex and often custom-configured. A consultative salesperson is integral to ensuring that machines are configured and built to perform well in their expected duties. For this reason, we do not offer a company-wide e-procurement option. Our dealers are innovators however, and if they offer e-procurement now or in the future we are pleased to allow Sourcewell members to use that option.

This in turn forces accountability for divers supplier inclusion by measuring drivers, such as the number of sourcing projects, which include Divers Suppliers and the values of the projects in which they participate. The goal is to create greater transparency to determine which teams are creating inclusive environments and which are not.</p>
45	What unique attributes does your company, your products, or your services offer to Sourcwell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcwell participating entities?	<p>BEST OVERALL VALUE / LOWEST LIFE CYCLE COST: CAT products deliver the best value for the money. While we rarely have the lowest initial purchase price, we are happy to demonstrate to customers that our machines offer the lowest overall owning and operating costs when factors such as fuel efficiency, repair frequency, productivity, and resale value are factored in. We believe that government agencies are tasked to be the best stewards of taxpayer funds and our products can prove that they are the best solution. Sourcwell members are in the best position to allow these discussions to take place in contrast to a local bid situation where the focus is often only on initial price.</p> <p>CAT SAFETY SERVICES / SAFETY FEATURES: In addition to the tangible, measurable aspects of the life cycle cost equation, we also bring our focus on safety to every product that we manufacture. Quantifying a human life or debilitating injury is impossible, but each machine has industry-leading features that strive to minimize the possibility for accidents.</p> <p>In addition to built-in safety features, we also offer a suite of aftermarket products and services that are unique in the industry.</p> <p>Caterpillar Safety Services offers culture, jobsite and leadership assessments; safety and leadership training workshops; and a comprehensive continuous improvement process through consultative services. Services are facilitated by Safety Services consultants and training products can be purchased for self-implementation. Details on products and services are available at www.cat.com/safety. These products and services are available at a 15% discount from the list price.</p> <p>Technology Enabled Safety Solutions are tangible products designed to assist the implementation of a safety culture. We are pleased to offer these unique products at a 5% discount off list price.</p> <p>Examples of products and services available include (this list may be augmented as new products / services become available): 1) CAT Detect suite of products (allows machines to sense people and objects near them) 2) Driver Safety System (detects and reacts to signs of fatigue and distraction) 3) CAT SmartBand (monitors activity and sleep data)</p> <p>PRODUCT ATTRIBUTES: Each product we sell offers unique operating, safety, and cost-savings advantages that are exclusive to Caterpillar. It is outside the scope of this response to itemize these differentiators. However, we provide many details on our web page at www.cat.com.</p>

Table 9A: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *
46	Do your warranties cover all products, parts, and labor?	Yes. Caterpillar has the most extensive warranty coverage in the industry. We cover all products, parts and labor with fewer exclusions than our competitors. Please see our "Warranty Statement" in the file entitle "Additional Documents" for details
47	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	We do not impose usage restrictions. We are pleased to say that our warranties cover defects in material and workmanship for the time specified in the policy when the equipment is used as per design intent.
48	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Caterpillar warranties cover the cost of replacement parts and the labor to install them. They do not cover travel time and mileage. Dealer territories vary considerably from state to state as do their policies about travel time and mileage during the warranty period.
49	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	We have no restrictions on warranty repairs. One of our key differentiating strengths is our ability to service equipment regardless of where it is located.
50	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Warranty service for machines ordered from a Caterpillar facility are generally provided by Caterpillar and performed by CAT dealers. Some items, such as tires, are covered under their manufacturers' warranties
51	What are your proposed exchange and return programs and policies?	We warrant that upon delivery our products will be free from defects in material and workmanship, and will operate as intended. If they are not, we will make any necessary corrections.
52	Describe any service contract options for the items included in your proposal.	<p>We have a large variety of service contract options which can all be customized according to customer needs. Below are just two examples. More solutions are available and we encourage members and dealers to explore all options.</p> <p>1) Equipment Protection Plans (Extended Service Coverage / CAT Insurance): After the initial warranty period ends, members may choose to purchase additional protection plans to reduce their exposure to unplanned costs. These policies are written based on months and hours of operation. There are four standard levels of coverage: 1) Powertrain 2) Powertrain + Hydraulics 3) Powertrain + Hydraulics + Technology 4) Premier</p> <p>A description of all these options is included in the attached Equipment Protection Plans document.</p> <p>Important note: The purchase price for these Extended Service Coverage plans is lower for governmental agencies than it is for private buyers.</p> <p>2) Customer Value Agreements (CVA's): A member may choose to enter into an agreememnt with their CAT to perform routine maintenance and/or repairs. These contracts are customizable based on member needs.</p> <p>The selling CAT dealer can take responsibility for some or all the required service and maintenance needs to allow the agency to gain efficiency by focusing on the performance demands more than maintenance. CVA's are a useful tool to manage expenses. Most CVA's are bundled at the time of purchase; however, they may be added at any time.</p>

Table 9B: Performance Standards or Guarantees

Describe in detail your performance standards or guarantees, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your performance materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *
53	Describe any performance standards or guarantees that apply to your services	<p>Throughout the history of Caterpillar, we've produced durable products our customers have been able to rely on for many years...if not decades. The durability of our products is foundational to our brand image. Reliability and Durability are the top two deciding factors for our customers when purchasing a Caterpillar product over a competitor's. Our new, customer-focused Quality metrics; As Delivered Quality, Reliability and Durability, allow us to track our product quality in a way that's important to our customers.</p> <p>As delivered Quality is the number of defects per unit through 2 month of service. Reliability is the number of defects per unit through 12 months in service. Durability is a newer metric relating to the life performance of critical components. Caterpillar measures Durability as the "actual achieved life" of critical components.</p>
54	Describe any service standards or guarantees that apply to your services (policies, metrics, KPIs, etc.)	N/A

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *
55	Describe your payment terms and accepted payment methods.	CAT dealers are independently owned businesses. As such their payment terms vary, but all will be stated on individual invoices. The most common terms are net 30.
56	Describe any leasing or financing options available for use by educational or governmental entities.	We offer both leasing and financing options to governmental members of Sourcwell at rates lower than available to the general public.
57	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	CAT dealers are independently owned businesses. As such their standard transaction documents will vary.
58	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcwell participating entities for using this process?	Because CAT dealers will be receiving payments directly from members, accepting P-card procurement will be at their discretion. Many dealers do accept this method without additional fees. Some have limitations on the amount that can be processed.

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcwell Price and Product Change Request Form.

Line Item	Question	Response *
-----------	----------	------------

59	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	<p>Our pricing model is simple. We offer a deep discount off the current machine and work tool list prices to all Sourcewell members.</p> <p>We have provided base machine reference pricing in the document entitled "Base Machine Reference Prices Paving RFP". However, for execution of the agreement we will ask our dealer and Sourcewell member to use the Caterpillar price list that is current at the time of the quote. Dealers, in consultation with the member, will configure the machine to the desired specifications and apply the agreed upon stated minimum discount to that configured List Price amount. Dealer and members should remember to factor in any expected price increases.</p> <p>The document "Caterpillar Cooperative Contract Discounts by Model RFP 060122 Roadway Paving Equipment" shows the discount offered for each new machine.</p> <p>Additionally we are pleased to offer a discount of 15% off all products and consulting services under the CAT Safety Services Umbrella; and 5% off our Technology Enabled Solutions.</p>	*
60	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	<p>The discounts are off of the current machine and work tool list prices. Our discount ranges varies between 18 - 20% off of the list price depending on the product family. It is important to note that discount comparisons between different machines cannot be considered an apples-to-apples comparison. Caterpillar product managers have broad leeway in product pricing, and there are some significant variations on pricing strategy. For example, a discount of 10% on Product A may be equivalent to a 20% discount on Product B. The discount offered to Sourcewell member are better than what is widely available to non-member / private purchasers.</p>	*
61	Describe any quantity or volume discounts or rebate programs that you offer.	<p>Our dealers are empowered to consider purchase order volume, repeat purchases, member responsiveness, etc. They may offer members additional discounts and /or services at their discretion.</p>	*
62	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	<p>Sourced goods / Open Market Items are available to members from our CAT dealers. The prices for these good or services will represent fair marketing value and will be determined between the member and the selling dealer. We encourage our dealers and members to use this options as it facilitates complimentary products and streamlines the procurement process.</p> <p>Customers and dealers are responsible for including their Sourcewell member numbers on all documentation related to these purchases. Caterpillar Inc. is not a party to these sales and is exempted from including them in quarterly reports. For audits, inclusion of a customer's Sourcewell member number on the PO and / or invoice shall be deemed sufficient.</p>	*
63	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	<p>Machines are unique in their requirements for preparation prior to use. Some may require local final assembly due to their large size, others may have locally installed options (fire suppression, beacons, auto lube systems for example).</p> <p>When a dealer issues a quote for a machine, any additional costs will be itemized separately and are not subject to the Sourcewell discount.</p>	*
64	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	<p>There is no additional cost to members who choose to pick up their machines from the CAT dealer. Dealers may charge fees for delivery to the member's location.</p>	*
65	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	<p>Just as for members in the 48 contiguous states, there is no additional cost to members who choose to pick up their machine from their CAT dealer. Dealers may charge fees for delivery to the members' location.</p>	*
66	Describe any unique distribution and/or delivery methods or options offered in your proposal.	<p>Machines are large purchases and if there are unique member requirements our dealers will be happy to discuss on a case by case basis.</p>	*

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
67	b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	This pricing is offered the same as in contract #032119-CAT.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *
68	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcwell. This process includes ensuring that Sourcwell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcwell. Provide sufficient detail to support your ability to report quarterly sales to Sourcwell as described in the Contract template.	We plan to continue our very robust process to ensure reporting speed, accuracy, and contract compliance. Caterpillar and our CAT dealers have very close and trusting relationships. Our dealers are long-established, and the current process (under contract #032119-CAT) is working well. 1) To ensure pricing accuracy, we maintain our current Sourcwell customer discount sheet on our dealer facing pricing pages. Dealers integrate these numbers automatically in their quoting software. 2) To ensure new machines and work tool sales are recorded properly, we use our post-sale credit system. In a nutshell, this means that we corporately support the pricing offered in this contract at a level below what's available to other customers. To receive this additional monetary support after the machine is delivered, dealers must supply the member's name, address, and member number. There is no additional burden or cost to our dealers to use the Sourcwell contract and this is part of the reason for their high engagement and our high reporting accuracy. 3) At month end, we gather the new machine and work tool sales data attributed to Sourcwell and aggregate it for our reporting. 4) After quarter end, we will send the quarterly sales report and administration fee payment to Sourcwell for all items that are subject to the administrative fee.
69	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	We regularly track the % of sales that are sold using a cooperative contract. We will continue this practice if we are awarded a contract for RFP 060122.
70	Identify a proposed administrative fee that you will pay to Sourcwell for facilitating, managing, and promoting the Sourcwell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	Per amendment #1 to Contract #032119-CAT, we will be pleased to offer an administrative fee of .33% of Caterpillar's MSRP for each piece of new equipment and serialized work tools purchased by Sourcwell's Participating Entities. Caterpillar will pay this fee and will not ask dealers or members to pay the fee.

Table 14A: Depth and Breadth of Offered Equipment Products and Services

Line Item	Question	Response *
71	Provide a detailed description of the equipment, products, and services that you are offering in your proposal.	Caterpillar is pleased to offer a wide variety of products for Sourcwell members during roadway paving. These include: 8 sizes of pavers, 38 rollers for all types of situations, 8 different types of cold planers, 2 sizes of reclaimers. In addition we will continue to offer 7 sizes of motorgraders, 13 types of skid loaders / compact track loaders that can be outfitted with a variety of work tools for applications during paving roadways on contract 032119-CAT. These products are complimentary to the CAT offering in this RFP. For more detailed information on each of these products see the following website: https://www.cat.com/en_US.html

TO
CONTRACT #060122-CAT**

Upon written notice to the breaching party, the breaching party or their Permitted Sublicensees have thirty (30) days of the date of the written notice to cure the breach or the license will be terminated.
 - c) Beyond what is permitted in this Addendum, neither party will:

- 4. **TERMINATION.** Upon the termination of this Contract for any reason, each Party will have thirty (30) days to, and require its Permitted Sublicensees to, remove all Licensed Trademarks from signage, websites, and the like bearing the other Party's name or logo (except Sourcewell's pre-printed catalog of vendors which may be used until the next printing). Article 22. is deleted in its entirety and replaced with the following:

22. CANCELLATION

Sourcewell or Supplier may cancel this Contract at any time, with or without cause, upon sixty (60) days' written notice to the other party. However, Sourcewell may cancel this Contract immediately upon discovery of a material defect in any certification made in Supplier's Proposal. Cancellation of this Contract does not relieve either party of financial, product, or service obligations incurred or accrued prior to cancellation.

Specifically for the Licensed Trademarks, as provided for on Article 13, the Parties may revoke the grant of the rights as follows:

- 1. **Revocation for Convenience.** The Licensed Trademarks may be revoked by either Party at any time upon ninety (90) days prior written notice to the other Party.
