Dear Millisa Smith,

Thank you for giving us the opportunity to review the subject plans. The proposed DR-24-0001 is within the same vicinity of PG&E's existing facilities that impact this property.

The DR-24-0001 Project will require the relocation of existing PG&E electric service facilities. The applicant must contact the below resources to apply for the relocation of any existing PG&E gas and electric services that exist on the subject parcels.

Please contact the Building and Renovation Center (BRSC) for facility map requests by calling 1-877-743-7782 and PG&E's Service Planning department at www.pge.com/cco for any modification or relocation requests, or for any additional services you may require.

As a reminder, before any digging or excavation occurs, please contact Underground Service Alert (USA) by dialing 811 a minimum of 2 working days prior to commencing any work. This free and independent service will ensure that all existing underground utilities are identified and marked on-site.

If you have any questions regarding our response, please contact me at Brian.Callaghan@pge.com.

Sincerely,

Brian Callaghan
