HUMBOLDT COUNTY DEPARTMENT OF PUBLIC WORKS ROAD EVALUATION REPORT

| PART A: Part A may be completed by the applicant |
|--|
| Applicant Name: APN: 220-071-008 |
| Planning & Building Department Case/File No.: APPS: 11426 |
| Road Name: 6000 MAN PANCH RD. (complete a separate form for each road) |
| From Road (Cross street): EHENSBURG ROAM |
| To Road (Cross street): SUBJECT PARCEL |
| Length of road segment: 4-3 miles Date Inspected: 12-21-2 |
| Road is maintained by: County Other (State, Forest Service, National Park, State Park, BLM, Private, Tribal, e |
| Check one of the following: |
| Box 1 The entire road segment is developed to Category 4 road standards (20 feet wide) or better. In checked, then the road is adequate for the proposed use without further review by the applicant |
| Box 2 The entire road segment is developed to the equivalent of a road category 4 standard. If check then the road is adequate for the proposed use without further review by the applicant. |
| An equivalent road category 4 standard is defined as a roadway that is generally 20 feet in width, but has pinch points which narrow the road. Pinch points include, but are not limited to one-lane bridges, trees, large rock outcroppings, culverts, etc. Pinch points must provide visibility where a driver can see oncoming vehicles through the pinch point which allows the oncoming vehicle to stop and wait in a 20 foot wide section of the road for the other vehicle to pass. |
| The entire road segment is not developed to the equivalent of road category 4 or better. The romay or may not be able to accommodate the proposed use and further evaluation is necessary. Part B is to be completed by a Civil Engineer licensed by the State of California. |
| the statements in PART A are true and correct and have been made by me after personally inspecting and leasuring the road. A map showing the location and limits of the road being evaluated in PART A is attached. |

Road Evaluation Reports

The Department is working towards identifying which County maintained roads meet for are equivalent to) Road Untegory 4 standards for cannabas projects. Two lasts are being prepared the firs. It is with the green heading shows which roads (or portions thereof) meet or are equivalent to Road Category 4 standard (ARA "Approved List"); and the second list with the road heading shows which roads (or portions thereof) that do not meet or are not equivalent to Road Category 4 standards. These lists will be updated as information becomes available. This list will be updated frequently. Make sure you are using the most up to date list.

On occasion there may be more than one roud that has the same name; in these instances check the road number to ensure that you are referencing the correct road. Until such time as the GIS roads layer has been proofed by the Department, the GIS is not to be used for this task. Use the paper road maps to check road numbers.

If the subject property takes direct access from a road on the "approved list", no further road evaluation needs to be done.

| "APPROVED LIST" List of County Maintained Roads that meet (or are equivalent to) Road Category 4 standards for Cannabis Projects | | | |
|--|-----------------|--|--|
| | | | |
| Alderpoint Road | F6B165 | All | |
