**DISCUSSION:**

As of March 23, 2023, Don Nelson has worked a total of 861.25 hours as an extra-help Communications Administrative Analyst. Mr. Nelson supports the Communications Division radio infrastructure. The extension of the extra-help hours is necessary to provide technical direction on the radio infrastructure upgrade project for the remainder of the fiscal year.

*\*Projected amounts are estimates and are subject to change.*

Estimated maximum salary and benefit cost for the requested extension of extra-help is Sixteen Thousand One Hundred Sixty-Five Dollars (\$16,165.00) for fund 3521 budget unit 151. There are sufficient funds in the Communications budget (3521-151) to cover the additional cost of these hours. All extra-help employees working beyond nine hundred sixty (960) hours are subject to paying into the California Public Employee Retirement System (“PERS”). The additional costs for PERS have been included in the above-mentioned estimated salary cost.

The Affordable Care Act requires large employers with fifty (50) or more full-time employees to offer health coverage to all full-time employees. The Communications Division is aware of the federal provisions that impact extra-help employment. The Communications Division is also aware that the standard measurement period of employee hours will occur over the course of a fifty-two (52) week period.
