RE: Permit Application No. 13215

APN: 511-071-003

Case No.: CUP16-1052

To Whom It May Concern:

Thank you for your above referenced application to obtain approval of a commercial cannabis permit for 10,000 square feet of new mixed-light cannabis cultivation. Unfortunately, the subject parcel (APN 511-071-003) does not have the appropriate zoning designation to allow for approval of any commercial cannabis project. The parcel is zoned "Airport Zone" with several combining zones (AV-AP-N-WR). The Commercial Medical Marijuana Land Use Ordinance lists specific zones in which cannabis related projects could be allowed, but does not include the AV zone.

If you would like to withdraw this application, please contact the department. **Please remember that the filing of a permit application does not authorize the applicant to engage in any new commercial marijuana cultivation, processing, manufacture or distribution activity.** No such activity shall commence until the application has been processed to decision and all requisite clearances, permits and/or licenses have been secured. If you have questions about this letter, please contact Isaac Hansen at 707-441-2623.

Sincerely,

Isaac Hansen
