PLN-2021-17292

I have been a neighbor to this parcel since 2014 when I moved to the neighborhood. It seems to have changed little in this time. The thing that has remained constant over the course of the years has been the element of chaos that this parcel seems to attract and perpetuate on the neighboring streets: abandoned vehicles, accumulation of garbage, homeless vehicle campers, sidewalks blocked with old furniture, etc. Our neighborhood is mostly made up of honest working class folks who stick to themselves and don't stick up for themselves or complain too loudly about these nuisances. I can't speak for all of my neighbors, but I don't think any of them would be in favor of the cleaning up or demolition of the structures and fence on the offending parcel.

Thank you for taking the time to hear my opinion and perspective on this case.
