Hi Geoff,

Per our conversation just now, the LED-illuminated sign cabinet depicting the heart-beat symbol at the top of the truss will be animated/have movement. The support posts on either of the sign as well as the trusses will be wood. The base will be hardi panel. The dog/cat silhouettes and the sign material for the "Broadway Animal Sign" cabinet are aluminum with push-thru acrylic lettering. Please respond to this email to confirm.

Thank you and have a great day,

Vanessa Odom
