Coast 11: 7/81

STANDARD CONDITIONS:

1. Notice of Receipt and Acknowledgement. The permit is not valid and construction shall not commence until a copy of the permit, signed by the permittee or authorized agent, acknowledging receipt of the permit and acceptance of the terms and conditions, is returned to the Commission office.
2. Expiration. If construction has not commenced, the permit will expire two years from the date on which the Commission voted on the application. Construction shall be pursued in a diligent manner and completed in a reasonable period of time. Application for extension of the permit must be made prior to the expiration date.
3. Compliance. All construction must occur in strict compliance with the proposal as set forth in the application for permit, subject to any special conditions set forth below. Any deviation from the approved plans must be reviewed and approved by the staff and may require Commission approval.
4. Interpretation. Any questions of intent or interpretation of any condition will be resolved by the Executive Director or the Commission.
5. Inspections. The Commission staff shall be allowed to inspect the site and the development during construction, subject to 24-hour advance notice.
6. Assignment. The permit may be assigned to any qualified person, provided assignee files with the Commission an affidavit accepting all terms and conditions of the permit.
7. Terms and Conditions Run with the Land. These terms and conditions shall be perpetual, and it is the intention of the Commission and the permittee to bind all future owners and possessors of the subject property to the terms and conditions.

PROJECT DESCRIPTION

APPLICANT: Cisco Lunsford

PERMIT NO. 1-81-199

PROJECT LOCATION: Located at the intersection of Table Bluff and Hawkes Hill Roads, approximately 1.5 miles north of Loleta, Humboldt County.

PROJECT DESCRIPTION: Construction of nine, 1,776 square foot plastic covered greenhouses, two 4,800 square foot glass and aluminum greenhouses, placement of a mobile-home, and installation of a septic system on a 5.8 acre parcel.

LOT AREA 5.7 acres ZONING unclassified

BLDG. COVERAGE 21,000 square feet (LCP) PLAN DESIGNATION exclusive agriculture

PAVEMENT COVERAGE 1,250 square feet PROJECT DENSITY 1 unit/20 acres

LANDSCAPE COVERAGE 0 HEIGHT ABV. FIN. GRADE 14 feet

LOCAL APPROVALS RECEIVED: approval of the Humboldt County Planning Department

STAFF NOTES

SITE CHARACTERISTICS: The parcel is vegetated with grasses and forbs, and slopes gradually to the east.

SURROUNDING LAND USE: agricultural

COASTAL ACT ISSUES: N/A

STANDARD CONDITIONS: see attached

SPECIAL CONDITIONS: N/A

STAFF RECOMMENDATION:

The staff recommends that the commission adopt the following resolution:

A. Approval:

The commission hereby grants a permit for the proposed development on the grounds that the development will be in conformity with the provisions of Chapter 3 of the California Coastal Act of 1976, will not prejudice the ability of the local government having jurisdiction over the area to prepare a local coastal program conforming to the provisions of Chapter 3 of the Coastal Act, and will not have any significant adverse impacts on the environment within the meaning of the California Environmental Quality Act.

FINDINGS

1. Located outside an urbanized area and relying primarily on private services (septic, well, road), this rural residential/agricultural development is nevertheless consistent with the surrounding pattern of development. Development has been sited and designed as to avoid adverse impacts on vegetation, to minimize grading and protect the visual resources. At the present rate and density of development, the project will not cumulatively affect the recreational capacity of coastal roads or preclude options in the context of a local coastal program.
2. Located east of the first public road paralleling the sea, public access is not at issue.
3. The development will not have a significant adverse environmental impact within the meaning of the California Environmental Quality Act.
4. The hearing draft of the Eel River area local coastal program has designated the subject parcel for exclusive agriculture. Greenhouses are a permitted use, with the following restriction: "No greenhouses shall be approved for use on prime agricultural land, where the greenhouse has a slab foundation that would cover the underlying soil." Perimeter foundations are a required condition for greenhouse projects where prime soils are involved, but the subject parcel does not include prime soils and the present project proposes no foundation. Flower production will take place on the parcel's soil. Consequently, the development will not prejudice the ability of the County of Humboldt to prepare a local coastal program conforming to Chapter 3 of the Coastal Act of 1976 as the character of this site and surrounding land use would dictate the plan at this site.

11. Are utility extensions for the following needed to serve the project?

- a) water Yes No d) sewer Yes No
 b) gas Yes No e) telephone Yes No
 c) electric Yes No

If yes to any of the above, would extensions be above ground? Yes No

SECTION III. ADDITIONAL INFORMATION

The relationship of the development to the applicable items below must be explained fully. Attach additional sheets if necessary.

1. If the development is between the first public road and the sea, is public access to the shoreline and along the coast currently available near the site? Yes No If yes, indicate the location of the nearby access, including the distance from the project site.

2. Is any grading proposed? Yes No If yes, complete the following.

- a) amount of cut _____ cu yds
 b) amount of fill _____ cu yds
 c) maximum height of fill slope _____ ft
 d) maximum height of cut slope _____ ft
 e) amount of import or export _____ cu yds
 f) location of borrow or disposal site _____

Grading and drainage plans must be included with this application. In certain areas, and engineering geology report must also be included. See Section V, paragraph 11 for the specifics of these requirements.

3. Does the development involve diking, filling, dredging or placing structures in open coastal waters, wetlands, estuaries, or lakes?

- a) diking Yes No c) dredging Yes No
b) filling Yes No d) placement of structures Yes No

Amount of material to be dredged or filled _____ cu yds.

Location of dredged material disposal site _____

Has a U.S. Army Corps of Engineers permit been applied for? Yes No

4. Will the development extend onto or adjoin any beach, tidelands, submerged lands or public trust lands? Yes No

For projects on State-owned lands, additional information may be required as set forth in Section V, paragraph 10.

5. Will the development protect existing lower-cost visitor and recreational facilities? Yes No

Will the development provide public or private recreational opportunities? Yes No If yes, explain.

6. Will the proposed development convert land currently or previously used for agriculture to another use? Yes No

If yes, how many acres will be converted? _____ acres.

7. Is the proposed development in or near:

- a) sensitive habitat areas Yes No (biological survey may be required)
b) 100-year floodplain Yes No (hydrologic mapping may be required)
c) park or recreation area Yes No

8. Is the proposed development visible from:

- a) US Highway 1 or other scenic route Yes No
b) park, beach, or recreation area Yes No
c) harbor area Yes No

9. Does the site contain any:

- a) historic resources Yes No
b) archaeological resources Yes No
c) paleontological resources Yes No

If yes to any of the above, please explain on an attached sheet.

10. Where a stream or spring is to be diverted, provide the following information:

Estimated streamflow or spring yield _____ gpm

If well is being used, existing yield _____ gpm

If water source is on adjacent property, attach Division of Water Rights approval and property owner's approval.

SECTION IV. OTHER GOVERNMENTAL REQUIREMENTS

The Local Agency Review Form, Appendix B, must be completed and signed by the local government in whose jurisdiction the project site is located. The completed and signed form must be submitted with this application for the application to be considered complete.

SECTION V. ADDITIONAL ATTACHMENTS

The following items must be submitted with this form as part of the application.

1. Proof of the applicant's legal interest in the property. (A copy of any of the following will be acceptable: current tax bill, recorded deed, signed Offer to Purchase along with a receipt of deposit, signed final escrow document, or current policy of title insurance. Preliminary title reports will not be accepted.)
2. Assessor's parcel map(s) showing the applicant's property and all other properties within 100 feet (excluding roads) of the property lines of the project site. (Available from the County Assessor)
3. Copies of required local approvals for the proposed project, including zoning variances, use permits, etc., as noted on Local Agency Review Form, Appendix B.
4. Stamped envelopes addressed to each property owner and occupant of property situated within 100 feet of the property lines of the project site (excluding roads), along with a list containing the names, addresses and assessor's parcel numbers of same. The envelopes must be plain (i.e., no return address), and regular business size (9½" x 4 1/8"). Include first class postage on each one. Use Appendix C, attached, for the listing of names and addresses. (Alternate notice provisions may be employed at the discretion of the District Director under extraordinary circumstances.)
5. Stamped, addressed envelopes and a list of names and addresses of all other parties known to the applicant to have an interest in the proposed development (such as persons expressing interest at a local government hearing, etc.).
6. A vicinity or location map (copy of Thomas Bros. or other road map or USGS quad map) with the project site clearly marked.

- 7. Copy(s) of project plans, drawn to scale, including site plans, floor plans, elevations, grading and drainage plans, landscape plans, and septic system plans. Trees to be removed must be marked on the site plan. In addition, a reduced site plan, 8½" x 11" in size, must be submitted. Reduced copies of complete project plans will be required for large projects.
- 8. Where septic systems are proposed, evidence of County approval or Regional Water Quality Control Board approval. Where water wells are proposed, evidence of County review and approval.
- 9. A copy of any Final Negative Declaration, Final Environmental Impact Report (FEIR) or Final Environmental Impact Statement (FEIS) prepared for the project. Comments of all reviewing agencies and responses to comments must be included.
- 10. Verification of all other permits, permissions or approvals applied for or granted by public agencies (e.g., Dept. of Fish and Game, State Lands Commission, U.S. Army Corps of Engineers, U.S. Coast Guard).
- 11. For development on a bluff face, bluff top, or in any area of high geologic risk, a comprehensive, site-specific geology and soils report (including maps) prepared in accordance with the Coastal Commission's Interpretive Guidelines. Copies of the guidelines are available from the District Office.

SECTION VI. NOTICE TO APPLICANTS

Under certain circumstances, additional material may be required prior to issuance of a coastal development permit. For example, where offers of access or open space dedication, or participation in a controlled housing program are required, preliminary title reports, land surveys, legal descriptions, subordination agreements, and other outside agreements will be required prior to issuance of the permit.

SECTION VII. AUTHORIZATION OF AGENT

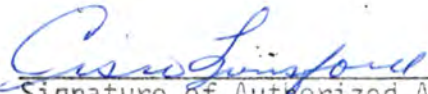

I hereby authorize _____
to act as my representative and to bind me in all matters concerning this application.

Signature of Applicant(s)

SECTION VIII. CERTIFICATION

1. I hereby certify that I, or my authorized representative, will complete and post the Notice of Pending Permit card in a conspicuous place on the property within 3 days of receipt of the card and notification of filing of this application.
2. I hereby certify that I have read this completed application and that, to the best of my knowledge, the information in this application and all attached appendices and exhibits is complete and correct. I understand that any misstatement or omission of the requested information or of any information subsequently requested shall be grounds for denying the permit, for suspending or revoking a permit issued on the basis of these or subsequent representations, or for seeking of such further relief as may seem proper to the Commission.
3. I hereby authorize representatives of the California Coastal Commission to conduct site inspections on my property. Unless arranged otherwise, these site inspections shall take place between the hours of 8:00 am and 5:00 pm.

DECLARATION OF CAMPAIGN CONTRIBUTIONS

The Coastal Commission's conflict of interest regulations prohibit any commissioner voting on a project if he or she has received campaign contributions in excess of \$100 within the past year from project proponents or opponents, their agents, employees or family, or any person with a financial interest in the project.

In the event of such contributions, a commissioner must disqualify him or herself from voting on the project; failure to do so may lead to revocation of the permit.

Each applicant must declare below whether any such contributions have been made to any of the commissioners or alternates listed on the reverse.

CHECK ONE

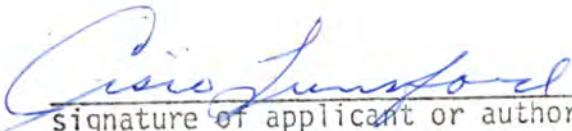

The applicants, their agents, employees, family and any person with a financial interest in the project HAVE NOT CONTRIBUTED over \$100 to any commissioner within the past year.

The applicants, their agents, employees, and/or family, and/or any person having a financial interest in the project HAVE CONTRIBUTED over \$100 to the commissioner(s) listed below within the past year.

2. The proposed development will consist of the phased construction of 21,000 square feet of growing area for cut flowers, potted plants, vegetables and/or vegetable plants. These growing areas will be enclosed by permanent pipe and aluminum framework with temporary polyethylene covering. The construction will be accomplished in a phased manner in accordance with the attached scale plan.

(5) Phase I will consist of the construction of 8,928 sq. ft. of covered growing beds, and the development of a well, and a septic tank, leach field system and the setting of a mobile home.

Phase II will consist of adding 7,142.4 sq. ft. of covered growing beds.

Phase III will consist of adding 4,800 sq. ft. of covered growing beds. Phase III will be constructed of glass and aluminum.

Water supply will be by well. The only remaining utility necessary will be electric. There are no existing structures on this site.

4. The project is located in Section six, Township three North, Range 1 west Humboldt Meridan. The parcel involved is identified by assessors parcel number 308-231-02. The parcel is located approximately 1.5 miles south of the intersection of Table Bluff Road and Hookton Road at the intersection of Table Bluff Road and Hawkes Hill Road.

The proposed development will be agricultural in nature with the development of a floracultural establishment for growing, harvesting and shipping cut flowers, potted plants, and vegetables.

9. The subject site is presently zoned as unclassified. Floraculture is an allowed use for unclassified land under the Humboldt County Zoning Ordinance. The Planning Department has indicated that from the Planning Department's standpoint the planned development is allowable and desirable.

Re: 1-81-199

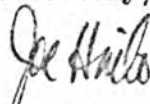

Dear Mr. Lunsford:

Your application to the North Coast District of the California Coastal Commission for a three-phase floraculture development, including placement of a mobile home and installation of a septic system, has been received as of December 9, 1981.

In reviewing your application we have found it complete as required by the California Coastal Act of 1976.

If you have any questions, please feel free to contact me at this office.

Sincerely,

Joe Hnilo

Dear Mr. Lunsford:

After an inspection of your proposed location for a floraculture operation, I have several questions about the development, specifically:

- 1) What sort of foundation do you plan to use for the greenhouses?
- 2) What type of heat source do you propose for the greenhouses?
- 3) Will a water system be installed in the greenhouses? *withover - well out*
- 4) Will operations involve nighttime lighting? If so, how much? *- champagne mums, yes - dark cloth over bed.*
- 5) How, specifically, are the flowers to be cultivated? In pots?

HUMBOLDT COUNTY PLANNING DEPARTMENT

ZONING ADMINISTRATOR

STAFF REPORT

DATE OF HEARING: The Zoning Administrator will hold a public hearing on Wednesday, September 30, 1981 at 1:30 p.m. in Conference Room B, Clark Complex, 3015 "H" Street, Eureka, California.

SUBJECT: Conditional Use Permit Application #73-81, J.R. Wittwer, Applicant.

LOCATION: On approximately 5.7 acres located adjacent to and northwest of the intersection of Table Bluff and Hawks Hill Road, Table Bluff Planning Area; AP#308-231-02.

REQUEST: The applicant is requesting a Conditional Use Permit to allow the construction of a 18'x 98' greenhouse to be used for storage purposes until the initiation of an agricultural land use of the site.

ZONING/GENERAL PLAN: The zoning is Unclassified (U). The Fortuna Area General Plan designates this area as Exclusive Agriculture (1 unit per 20 acres).

GENERAL INFORMATION

Policy Information:

A conditional use, which may be essential or desirable to the public convenience, but which use may also impair the integrity and character of the zone or adjoining zones, may require additional restrictions on location and the extent of the use. Because the proposed use is classified as a conditional use, and is not specified under Section 314-3(b) (see zoning), any possible additional restrictions on the proposed use will be identified during the Conditional Use Permit evaluation.

CRITERIA NECESSARY TO RECOMMEND APPROVAL:

- a). The use is consistent with the purposes of the district in which the site is located; and
- b). The proposed location of the conditional use and the conditions under which it may be operated or maintained will not be detrimental to the public health, safety, or welfare, or materially injurious to properties or improvements in the vicinity; and
- c). The proposed conditional use is in conformance with the General Plan.

RECOMMENDATION:

Approval

Conditions:

1. The storage may only be related to agricultural uses.
2. No retail use of the greenhouse.
3. All requirements of the County Building Inspection and Health Departments must be met.

ROAD APPROACH DETAILS
 FIG. 6-300.1 NOV. 1979

PUBLIC SAFETY

1. The permittee in the conduct of work shall provide, erect, or maintain the lights, barriers, warning signs, and other safeguards necessary to protect the traveling public in accordance with Section 21406 of the California Vehicle Code. If at any time the Director finds that suitable safeguards are not being provided, the County shall provide, erect, and/or maintain the safeguards deemed necessary. The permittee shall reimburse the County for all expenses incurred by County providing, erecting and maintaining the safeguards deemed necessary by the Director of Public Works.

2. All work shall be planned and carried out so that there will be the least possible inconvenience to the traveling public. Permittee is authorized to place flagmen to stop and warn traffic for necessary protection to public safety, but traffic shall not be unreasonably delayed. Complete closure of the road shall not be permitted unless authorized in writing by the Director of Public Works.

6. Specific Agreements

LIABILITY

The permittee shall agree to indemnify and hold harmless the County and each of its officers and employees from any liability or responsibility for accident, loss, or damage to persons or property arising by reason of the work done by the permittee, or his agents, employees or representatives. The permittee shall, at his own expense, cost and risk, defend any and all actions, suits, or other legal proceedings that may be brought or instituted against the County, its officers or employees and pay or satisfy any judgment that may be rendered against the County and its officers or employees in any such action, suit, or legal proceedings arising by reason of the work done by the permittee, his agents, employees, or representatives.

SPECIAL PROVISIONS

1. In constructing the driveway, no equipment that will damage the surface of the roadway shall be used.
2. The driveway shall be located at least three feet from the side property line and at least three feet from the centerline of any utility facility such as fire hydrants, power poles, etc.
3. The driveway(s) shall intersect the County road at a 90 degree angle. Driveway grade shall not exceed two percent (2%) for the first 25 feet commencing from the edge of the traveled way of the County road, shall have a minimum of four inches of aggregate base, and shall be surfaced by means of a seal coat or two inches of type "B" asphalt concrete surfacing.
4. The driveway approach shall conform to the enclosed typical section for private driveway intersections.
5. Other conditions regarding Public Safety and Liability are included in the attached exhibits.
6. Specific requirements:

GENERAL PROVISIONS

This permit is issued in accordance with the Encroachment Permit No. 896 and any amendments thereof. This permit is revocable on notice of the Director of Public Works.

ACCEPTANCE OF PROVISIONS: It is understood and agreed by the Permittee that the performance of any work under this permit shall constitute an acceptance of the conditions and provisions relative to the permit.

NO PRECEDENT ESTABLISHED: This permit is granted with the understanding that this action is not to be considered as establishing any precedent on the question of the expediency of permitting any certain kind of encroachment to be erected within the right of way of County highways.

NOTICE PRIOR TO STARTING WORK: The Department of Public Works shall be notified 24 hours in advance of pouring concrete to permit inspection of subgrade and forms.

KEEP PERMIT ON SITE: This permit shall be kept at the work site and must be shown to any representative of the Grantor or any law enforcement officer on demand.

PROTECTION OF TRAFFIC: Adequate provision shall be made for the protection of the traveling public. Barricades shall be placed with amber lights at night, also flagmen employed, all as may be required by the County for the particular work in progress.

MINIMUM INTERFERENCE WITH TRAFFIC: All work shall be planned and carried out so that there will be the least possible inconvenience to the traveling public.

STORAGE OF MATERIAL: No material shall be stored within 8 feet from the edge of pavement or traveled way or within the shoulder line when the shoulders are wider than 8 feet, unless specifically authorized by this permit.

CLEAN UP: Upon completion of the work, all brush, timber, scraps and materials shall be entirely removed and the right of way left in as presentable a condition as before work started.

STANDARDS OF CONSTRUCTION: All work shall conform to the State of California Standard Specifications and County standards.

FUTURE MOVING OF INSTALLATION: It is understood by the Permittee that the installation authorized herein shall, upon demand of the Director of Public Works, be relocated by and at the sole expense of the Permittee whenever construction, reconstruction or maintenance on the highway may require such relocation. The Permittee must complete such relocation within the time specified in said demand.

CARE OF DRAINAGE: Permittee shall undertake such measures to prevent interference with established drainage as may be required by the Director of Public Works.

EXCAVATION: All excavation shall comply with the provisions of Chapter 3, Article 2, Section 320, of the Encroachment Permit Ordinance No. 896.

BACKFILL: Backfill in all trenches shall comply with the provisions of Chapter 3, Article 2, Section 321, of the Encroachment Permit Ordinance 896.

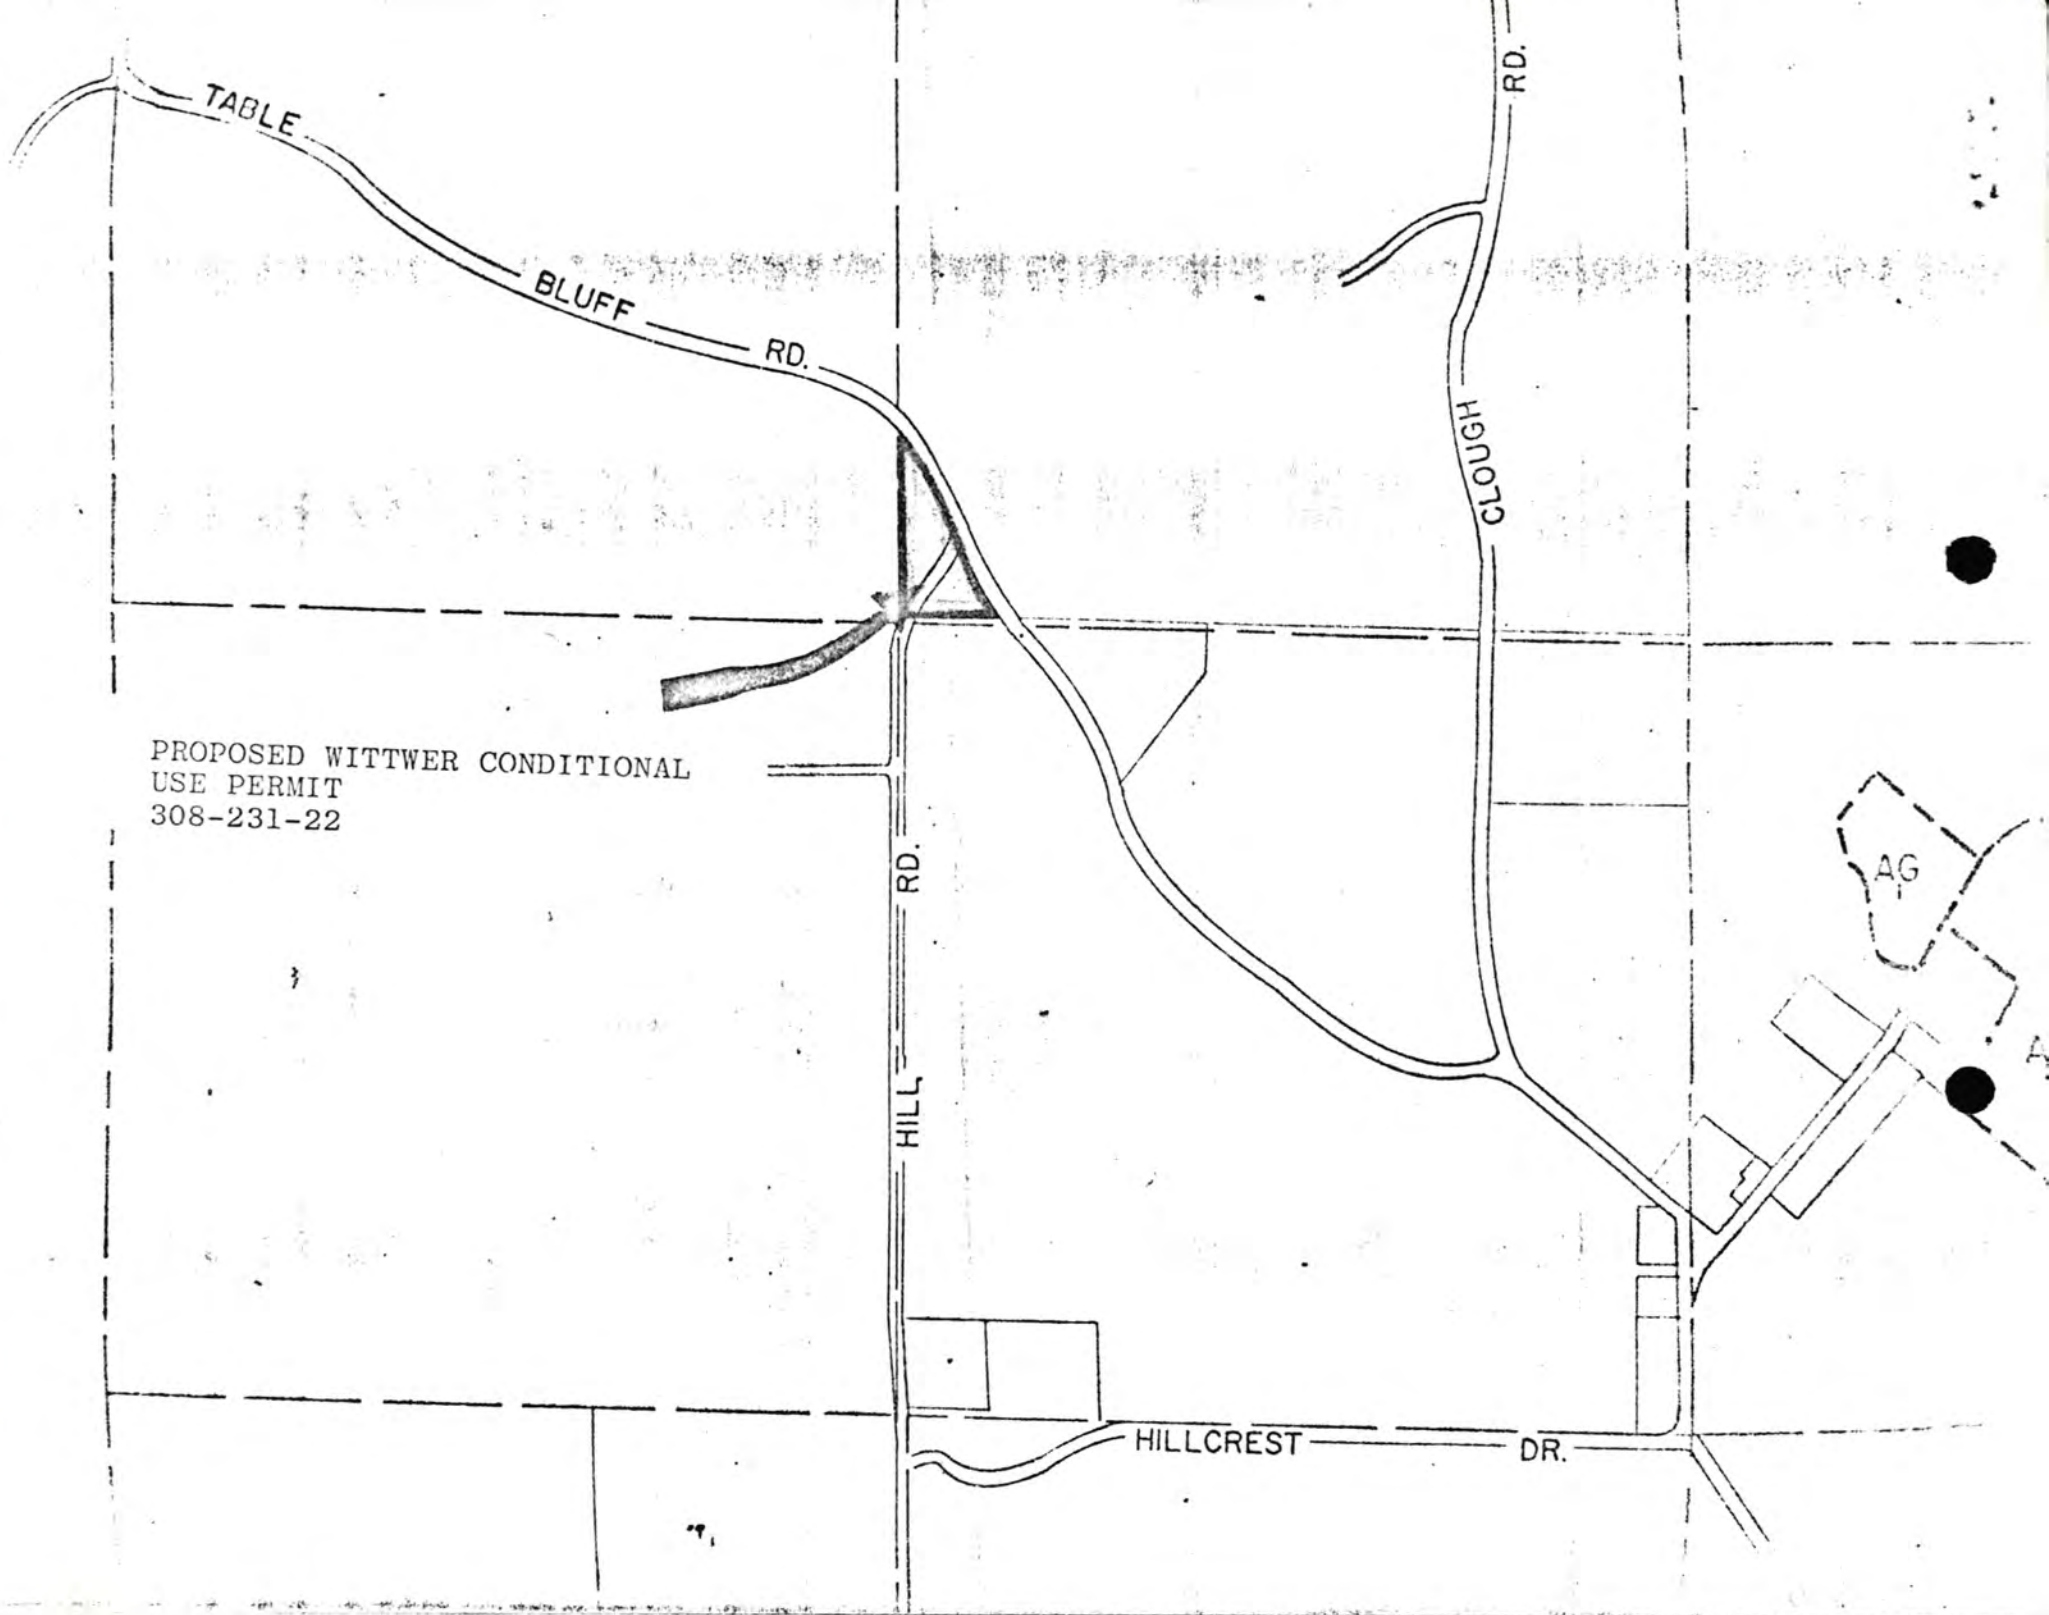

LOCATION: The shallowest portion of any pipeline or other facility shall be installed not less than 30 inches below the roadway surface, or one foot below the flow line of any drainage structure, pipe, ditch or creek.

CURB, GUTTERS AND SIDEWALKS: Shall comply with the provisions of Chapter 3, Article 3, of Encroachment Permit Ordinance 896 and any amendments thereof.

DEFAULT OF PERMITTEE: By applying for and obtaining a permit, the Permittee agrees that if the Permittee fails to comply with the terms of the permit, the County may elect to perform and complete the work by any method the Director deems appropriate. The Permittee shall reimburse the County for the full cost of the work at the then current Associated General Contractors' Cost Schedule for such work.
