ORDINANCE No. _____

An ordinance amending Title III of the Humboldt County Code relating to the commercial cultivation, processing, manufacturing and distribution of cannabis for medical use.

The Board of Supervisors of the County of Humboldt ordains as follows:

SECTION 1. Section 313-55.4 of Chapter 3 of Division 1 of Title III is hereby added as follows:

313-55.4 Commercial Cultivation, Processing, Manufacturing and Distribution of Cannabis for Medical Use Coastal Zone Land Use Regulation

55.4.1 Authority and Title

This Section shall be known as the Commercial Medical Marijuana Land Use Ordinance (“CMMLUO”), which provides for the regulation of Commercial Cultivation, Processing, Manufacturing and Distribution of cannabis for medical use, as defined in this Code, located in the coastal zone of the County of Humboldt.

55.4.2 Purpose and Intent

The purpose of this Section is to establish land use regulations concerning the commercial cultivation processing, manufacturing, and distribution of cannabis for medical use within the County of Humboldt in order to limit and control such cultivation in coordination with the State of California in the implementation of the Medical Marijuana Regulation and Safety Act (“MMRSA”) (SB 643, AB 266, and AB 243 as adopted September 11, 2015, and approved by the Governor on October 9, 2015), so as to ensure the health and safety of employees, independent contractors, visitors to the area, neighboring property owners, and end users of medical marijuana; to protect the environment from harm to streams, fish, and wildlife; to ensure the security of the medical marijuana; and to safeguard against the diversion of medical marijuana for non-medical purposes. It is intended to address the County of Humboldt’s prerogative to license, permit, and control commercial cultivation of cannabis for medical use as set forth in the MMRSA, including, but not limited to the provisions of Business and Professions Code Sections 19315, 19316, 19320, 19322, 19332, and 19360 and Health and Safety Code Section 11362.777, in conjunction with state licensing requirements, in order to protect the public health, safety, and welfare of the residents of the County of Humboldt, and to reduce or eliminate any adverse environmental effects of existing commercial cannabis cultivation operations in the County of Humboldt, and to prevent adverse environmental effects of any new commercial cannabis activities which may be permitted in the future in accordance with this Section and state law. This Section is not intended to supersede the provisions of Sections 313-55.1, 314-55.1, 313.55.2, or 314.55.2 of this Code concerning cultivation of medical marijuana for personal use by patients or caregivers.

55.4.3 Applicability and Interpretation

55.4.3.1 These regulations shall apply to the location and permitting of commercial cultivation, processing, manufacturing, and distribution of cannabis for medical use in zoning districts within which such use is authorized, as specified in this section.

55.4.3.2 The commercial cultivation, processing, manufacturing, and distribution of cannabis for medical use within the jurisdiction of the County of Humboldt inside the Coastal Zone shall be controlled by the provisions of this Section, regardless of whether those activities existed or occurred prior to the adoption of this Section.

55.4.3.3 Nothing in this Section is intended, nor shall it be construed, to exempt the commercial cultivation, processing, manufacture, or distribution of cannabis for medical use, from compliance with all other applicable Humboldt County zoning, and land use regulations, as well as other applicable provisions of the County Code, or compliance with any applicable state laws.

55.4.3.4 Nothing in this Section is intended, nor shall it be construed, to exempt the commercial cultivation, processing, manufacture, or distribution of cannabis for medical use, as defined herein, from any and all applicable local and state construction, electrical, plumbing, land use, water rights, waste water discharge, streambed alteration, or any other environmental, building or land use standards or permitting requirements.

55.4.3.5 Nothing in this Section is intended, nor shall it be construed, to preclude a landlord or property owner from limiting or prohibiting commercial cultivation, processing, manufacture, or distribution of cannabis for medical use on private property.

55.4.3.6 The definitions in this Section are intended to apply solely to the regulations in this Section. Applicable definitions in Humboldt County Code Section 313-135 et seq. and Section 111-1 et seq. may also apply to this Section.

55.4.3.7 Notwithstanding the fact that Health and Safety Code Section 11362.777 declares that medical cannabis is an agricultural product for purposes of that Section and the MMRSA, Business and Professions Code Section 19300, et. seq., and the provisions of the Right to Farm Ordinance, Section 313-43.2.6 of the Humboldt County Code, the commercial cultivation of cannabis for medical use is a highly regulated specialty crop and the cultivation and processing of that specialty crop shall not be allowed as a principal permitted use under the General Agriculture use type classification applicable within the County of Humboldt, unless a Zoning Clearance Certificate, Special Permit, or Use Permit, and Coastal Development Permit is first obtained from the County of Humboldt, and the person engaged in such activity has obtained all state licenses and permits which may be required by the applicable state licensing authorities whenever such licenses become available.

55.4.4 Severability

If any provision of this Section, or the application thereof, is held invalid, that invalidity shall not affect any other provision or application of this Section that can be given effect without the invalid provisions or application; and to this end, the provisions or application of this Section are severable.

55.4.5 Release of Liability and Hold Harmless

As a condition of approval for any Zoning Clearance Certificate, Special Permit, or Use Permit and Coastal Development Permit approved for the commercial cultivation, processing, manufacture, or distribution of cannabis for medical use, as defined herein, the owner or permittee shall indemnify and hold harmless the County of Humboldt and its agents, officers, elected officials, and employees for any claims, damages, or injuries brought by affected property owners or other third parties due to the commercial cultivation, processing, manufacture, or distribution of cannabis for medical use and for any claims brought by any person for problems, injuries, damages, or liabilities of any kind that may arise out of the commercial cultivation, processing, manufacture, or distribution of cannabis for medical use.

55.4.6 Penalties and Enforcement

All of the remedies provided for in this Section shall be cumulative and not exclusive of remedies available for violations under any other Section of the County Code and the MMRSA, or other law.

Any violation of this Section, including, but not limited to failure to obtain and maintain in good standing any required clearance certificate or permit specified in this Section, shall be, and the same hereby is declared to be, a public nuisance and unlawful and shall be subject to injunction, abatement or any other administrative, civil, or criminal remedy available to the County under the applicable state and county laws, including those set forth in Title III, Division 5, Chapter 1 of the Humboldt County Code.

All processing that will not occur at the cultivation site is subject to a Use Permit application. Processing may occur in all of those zones where indoor and outdoor cultivation may occur.

55.4.9.2 Multiple applicants may obtain a Zoning Clearance Certificate for outdoor cultivation, mixed-light cultivation, or both, on one legal parcel so long as the cumulative cultivation area does not exceed the total cultivation area size limits set forth in section 55.4.9.

55.4.9.3 A combination of the permit types that may be allowed in the same zone (e.g. outdoor and, mixed light cultivation, or indoor cultivation and processing) that are for a total area equal to or less than the cultivated area size limit for the size of the underlying parcel for those permit types, may be processed with a single Zoning Clearance Certificate application. Permitting for a combination of permit types that is larger than the area that may be processed

with a Zoning Clearance Certificate, may be processed with a single Special Permit or Use Permit application, as applicable.

55.4.9.4 Pre-Application Registration of Existing Cultivation Site

All operators of existing cultivation sites seeking recognition of cultivation activities that occurred on or before January 1, 2016, for purposes of obtaining a Zoning Clearance Certificate or discretionary permit for ongoing commercial cannabis cultivation for medical use pursuant to the CMMLUO shall register with the County of Humboldt Department of Planning & Building within 180 days of the effective date of this ordinance.
