

COUNTY OF HUMBOLDT

For the meeting of: 1/30/2024

File #: 24-67

To: Board of Supervisors

From: Public Works

Agenda Section: Consent

Vote Requirement: Majority

SUBJECT:

Request for Qualifications No. DPW 2024-001 Regarding the Provision of On-Call Professional Construction Management Services

RECOMMENDATION(S):

That the Board of Supervisors:

1. Approve, and authorize the Director of Public Works to advertise and distribute, the attached request for qualifications regarding the provision of on-call professional construction management services.

SOURCE OF FUNDING:

Road Fund (1200321), Federal Highway Administration Emergency Relief Storm Damage Funds, Highway Bridge Program, Federal Emergency Management Agency Public Assistance Grants, California Governor's Office of Emergency Services, Federal Highway Safety Improvement Program, California Transportation Improvement Program and California Active Transportation Program.

DISCUSSION:

For the next five years, the Humboldt County Department of Public Works ("Public Works") will be constructing several roadway and bridge projects. Due to limited staffing, certain professional services needed to complete such projects must be contracted out to private consulting firms in order to comply with applicable local, state and federal laws, regulations and standards. Public Works has prepared the attached request for qualifications ("RFQ") to retain a qualified construction management firm to provide services that will be required to complete various state and federally funded roadway and bridge construction projects. The attached RFQ meets federal requirements and complies with the latest guidelines from the California Department of Transportation's Local Assistance Procedures Manual. A preliminary scope of services, required qualifications and evaluation criteria, have been developed in order for Public Works to rank and select consultants that are capable of providing the required construction management services on an on-call basis.

Once the review, evaluation, selection and contract negotiation processes set forth in the attached RFQ have been successfully completed, Public Works will return to the Board of Supervisors in order to award a consultant services agreement to the highest-ranking consultant. The consultant services agreement will have a term of two years with optional extensions that will not exceed five years. The estimated maximum amount payable under the consultant services agreement awarded pursuant to this RFQ process is \$6,000,000.

The selected consultant will be asked to provide construction management services for specific roadway and bridge construction projects pursuant to task orders issued under the final consultant services agreement. Prior to issuing task orders, Public Works will discuss the scope of services required for the specific project with the selected consultant. The selected consultant will be responsible for preparing a detailed scope of services, project schedule and project budget for each task order that will be issued thereto. Once a task order has been issued by the Director of Public Works, the selected consultant will be required to perform the agreed upon services within the parameters set forth therein. The estimated maximum amount payable under each individual task order is \$250,000.

Accordingly, the department recommends that the Board of Supervisors approve and authorize the Director of Public Works to issue the attached RFQ regarding on-call professional construction management services.

FINANCIAL IMPACT:

Expenditures	FY24-25*	FY25-26*	FY26-27*	FY27-28*	FY28-29*
Construction Management	\$1,250,000	\$1,250,000	\$1,250,000	\$1,250,000	\$1,000,000
Total Expenditures	\$1,250,000	\$1,250,000	\$1,250,000	\$1,250,000	\$1,000,000
Funding Sources	FY24-25*	FY25-26*	FY26-27*	FY27-28*	FY28-29*
FHWA, FEMA, STIP	\$1,000,000	\$1,000,000	\$1,000,000	\$1,000,000	\$800,000
Road Fund (321-2118)	\$250,000	\$250,000	\$250,000	\$250,000	\$200,000
Total Funding Sources	\$1,250,000	\$1,250,000	\$1,250,000	\$1,250,000	\$1,000,000

**Projected amounts are estimates and are subject to change.*

Narrative Explanation of Financial Impact:

As noted above, the maximum amount payable for the professional construction management services rendered, and costs and expenses incurred, pursuant to the terms and conditions of the consultant services agreement awarded as a result of this RFQ process is \$6,000,000. Funding is dependent on the type of project for which the services are provided. On-system storm damage road project projects are 88.53% funded by the Federal Highway Administration and the remaining 11.47% is funded by the Humboldt County Roads Division. Off-system road storm damage projects are 75% funded by Federal Emergency Management Agency, 18.75% will be funded by the California Governor’s Office of Emergency Services and the remaining 6.25% will be funded by the Humboldt County Road Division. Projects conducted as part of the Federal Highway Safety Improvement Program and the California Active Transportation and Transportation Improvement Programs are 90% - 100% funded by grants offered through the Federal Highway Association and the California Transportation Commission.

Funds for projects are included in the approved fiscal years 2023-24 through 2028-29 budget

for the Road Fund budget unit 1200321. There is no financial obligation until the Board approves a consultant services agreement with the selected consulting firm and task orders are issued for specific bridge projects. As a result, approval of the attached RFQ will not impact the Humboldt County General Fund.

STAFFING IMPACT:

There is no impact to current staffing levels related to the advertisement of the RFQ regarding the provisions of on-call professional construction management services.

STRATEGIC FRAMEWORK:

This action supports the following areas of your Board's Strategic Framework.

Core Roles: Provide for and maintain infrastructure

New Initiatives: N/A

Strategic Plan: N/A

OTHER AGENCY INVOLVEMENT:

Federal Highway Administration, California Department of Transportation

ALTERNATIVES TO STAFF RECOMMENDATIONS:

The Board may choose not to approve the attached RFQ regarding the provision of on-call professional construction management services. However, this alternative is not recommended since Public Works has limited qualified personnel to provide such services for the high volume of roadway and bridge construction projects.
