2022 Post Event Report
UR-2021-0006 (Mendocino)
PLN-2019-15400 (Humboldt)

Northern Nights Music Group

Summary

Northern Nights Music Festival took place on July 15th, 16th & 17th, 2022 in Piercy, CA on the Mendocino/Humboldt County Line per Mendocino Use Permit UR2021-0006 and Humboldt Conditional Use Permit PLN-2019-15400.

The following summarized key monitoring notes from the 2022 festival:

1. Total event attendance was 6,587 and 2,815 vehicles with approximately 1,721 attendees camped and 1,573 vehicles parked in Humboldt County.
 - a. Traffic Plan – was very effective – Friday’s “crunch” was managed exceptionally well by staff and 101 was kept clear. CHP did mention in their post event correspondence that they will likely increase their hours on the Monday following to cover any prolonged exodus. Shuttle system to and from down could have benefit in future years.
 - b. Camping Plan – attendees cooperated with staff, fire/medical/security all were pleased with their placement and coverage it allowed.
 - c. Cannabis Plan – Three cannabis event premises were operated compliantly across both counties.
2. Total water use during the event was 213,800 gallons. Typical property water use was reduced by over 250,000 gallons over September & October of 2022 to offset event water use. Water quality monitoring results can be found Exhibit A.
3. A post event community meeting was held on August 5th, 2022 at the Piercy Community Center and notes from the meeting can also be found in Exhibit B.
4. The project was discussed and coordinated with Mendocino and Humboldt County Sherriff Offices, Garberville CHP, Caltrans and Piercy, Leggett, Redway and Garberville Fire Departments.
 - a. In coordination with Caltrans, an Encroachment Permit Rider was obtained for the 2022 event, authorizing emergency personnel to utilize a portion of the right of way (39.99887, -123.78750) for an emergency helicopter landing if needed during the event. This will be included in future years as well.
 - b. Applicable agency correspondence can be found in Exhibit C.

Hi Amber,

Yes, I have spoken to Garberville CHP staff and it seems all went well. The only thing that came up in discussion was Mondays traffic exodus and how we deployed the CHP hours. Going into next year's event we can discuss how to break up the hours differently or add more coverage so Monday can be covered a bit. Even if its only 4-6 hours while the mass of the event attendees get back out on the highway.

Other than that, I heard nothing but good things all the way around. Thank you for being a pleasure to work with! =)
