**COUNCIL GOALS/STRATEGIC VISION**

**DISCUSSION**

Cal Recycle (California's Department of Resources Recycling and Recovery) brings together the state's recycling and waste management programs to move the state towards a circular economy that reduces waste and reuses all materials. CalRecycle regularly offers funding opportunities for California cities to meet such goals.

CalRecycle requires a resolution by grant applicants to authorize funding requests. CalRecycle offers a general resolution for all grant opportunities that can authorize a government body to apply for any grant within the following five years of the approval date.

Approval of this resolution will allow the Community Services Department to pursue any appropriate funding opportunities offered by CalRecycle which the city is eligible for.
