PROJECT SUMMARY

California Government Code §65400 mandates cities and counties submit an annual progress report (APR) on the General Plan and its implementation to City Council, the Governor’s Office of Planning and Research (OPR) and the Housing and Community Development Department (HCD) by April 1st of each year. The APR provides local legislative bodies and the public with information regarding the implementation of the General Plan for their city or county. APRs also inform the public of the progress in meeting the community’s goals. There is no template/form for APRs.

This General Plan APR highlights key accomplishments in implementing the City’s 2040 General Plan during calendar year 2023. The accomplishments are organized under their respective General Plan goals. The City Council will receive the report at their meeting on March 19, 2024, and then the report will be submitted to the State by the April 1st deadline.
