**DISCUSSION**

Market Match is currently funded through the CDFA California Nutrition Incentive Program (CNIP) and the USDA Gus Schumacher Nutrition Incentive Program (GusNIP). The Market Match program reinvests state and federal dollars into small and mid-sized farms and the rural California communities where they are located and increases the spending power of low-income. Without committed state funds in the next fiscal year, the program will not be able to continue past 2024. The GusNIP competitive grant program application period will be in FY23-24, and it requires a committed, 100% match of state, local or private funding.
