2. Authorize the filing of Notice of Completion at the Office of the County Recorder.

FISCAL IMPACT

No Fiscal Impact Included in Budget Additional Appropriation

COUNCIL GOALS/STRATEGIC VISION

- Empowering and Engaging for a Healthy Community

DISCUSSION

The Elk River Estuary Enhancement Project, constructed in 2022, includes the creation of tidal marsh habitat and public access across approximately 114 acres. The Enhancement Project is funded with multiple state and federal grants.

On July 5, 2022, the Eureka City Council awarded a contract for Revegetation Services to Samara Restoration in the amount of \$461,000.00. The contractors work included all labor, vehicles, equipment, and materials to install container plants between the fall of 2022 and the spring of 2023. The scope included soil amendments, plant protection materials, mulch, stakes, and cages, and ongoing maintenance services to prevent weed intrusion for 12 months, which continued thru the spring of 2024.

The work has been completed in substantial conformance with the plans and specifications. Therefore, staff recommends that Council accept the Revegetation Services for the Elk River Estuary Project and authorize staff to file a Notice of Completion.
