Why are you interested in serving on the McKinleyville Municipal Advisory Committee?	<p>McKinleyville has been my home for over 11 years, and I attended junior high school here, giving me deep roots in this community that span much of my life. This combination of long-term residency and childhood connections has given me a genuine investment in McKinleyville's future and a comprehensive understanding of our community's evolution, challenges, and opportunities.</p> <p>As Board President of Tri-County Independent Living and a 988 Tribal Response Advocate, I've developed strong leadership skills and a track record of collaborative problem-solving that I'm eager to bring to local governance. My experience working with diverse community stakeholders—from tribal communities to law enforcement, nonprofits to local businesses—has taught me how to bridge different perspectives and build consensus around shared goals.</p> <p>Throughout my career, I've focused on community education, advocacy, and creating partnerships that strengthen our region. Whether facilitating training for over 200 police academy cadets on trauma-informed response, coordinating community awareness events, or managing my own small business (Spot-to-Spot Mobile Detailing), I've consistently worked to improve our community from multiple angles. My experience with grant administration, program development, and strategic planning would be valuable assets to the committee's work.</p> <p>I'm particularly passionate about ensuring that all McKinleyville residents have a voice in decisions that affect their daily lives. My work in crisis intervention and community outreach has shown me firsthand how local policies and services impact families, and I want to help shape those policies to better serve everyone in our community.</p> <p>McKinleyville has given me so much—a place to grow, build a business, raise awareness about important issues, and contribute meaningfully. Serving on the Municipal Advisory</p>

- ✓ Committee would allow me to give back and help guide our community's future in a more direct way.
