The Headwaters Fund Board Selection Subcommittee is responsible for making recommendations to the Board of Supervisors regarding appointments to the Headwaters Fund Board. The subcommittee was recently convened to select candidates to fill two vacant positions.

During the recruitment period, five new applications were received, and three prior applicants remained eligible for consideration. Four interviews were conducted. Following review and deliberation, the subcommittee recommends that Scott Davies and Taylor Bowes be appointed to the currently vacant seats on the Headwaters Fund Board.

The next anticipated vacancy is expected when Elizabeth Cameron terms out on June 30, 2026.
