Why are you interested in serving on the McKinleyville Municipal Advisory Committee?*

I attended many of the MMAC meetings during the town center planning process. (I did not speak on the mic). I am part of the "new wave" of people moving to this area and am interested in planned development and community engagement that benefits the majority of the population here. I have lived here for 4 and 1/2 years. Over my career in classical music I have served on many (too many to count!) committees. I am a level headed committee member, willing to consider all of the benefits and drawbacks of an issue. I took very early retirement in 2021 and moved to Humboldt. My resume reflects my professional work before moving to this area. Since 2021, in this area, I have worked as a musician and music director for several churches, I have worked the elections for the county, and I have become involved in the fiber arts community. I am interested in contributing to local government which is why I am applying to serve on MMAC. Mckinleyville is a lovely community that is steadily growing. I want to be involved in the growth and change that is happening in our area.

Please write a brief statement describing why you are interested in serving on the MMAC.
