DISCUSSION

California Government Code §65400 mandates that cities and counties submit an annual progress report (APR) on the General Plan and its implementation to City Council, the Governor's Office of Land Use and Climate Innovation (LCI) (formerly known as the Governor's Office of Planning and Research [OPR]) and the Housing and Community Development Department (HCD) by April 1st. The APR provides local legislative bodies and the public with information regarding the implementation of the General Plan for their city or county. APRs also inform the public of the progress in meeting the community's goals. There is no template/form for General Plan APRs, and this is the third APR in the current format.

This 2040 General Plan APR highlights key accomplishments in implementing the City's 2040 General Plan during calendar year 2025. The accomplishments are organized under their respective General Plan goals. The report will be submitted to the LCI and HCD by the April 1st deadline.
