Eureka, CA 95501
707-445-7593

From: **Humboldt County-Department of Aviation**
3561 Boeing Ave.
McKinleyville, CA 95519
707-839-5401

Project Title: California Redwood Coast Humboldt County Airport (ACV) TWY A Relocation Project

Project Location - Specific: California Redwood Coast Humboldt County Airport – McKinleyville, CA

GPS Coordinates: Latitude 40.9765 **Longitude** -124.1084

Description of Nature, Purpose, and Beneficiaries of Project:

The County of Humboldt operates the California Redwood Coast Humboldt County Airport by and through its Department of Aviation. The proposed project includes relocating and concurrently reconstructing Taxiway A, which serves as a full-length parallel taxiway to Runway 14/32 at the California Redwood Coast-Humboldt County Airport (ACV). The minimum runway separation to parallel taxiway for a C-III Runway with instrument approach visibility minimums of less than ¾ of a statute mile is 400 feet. The existing Runway 14/32 separation to Taxiway A is 300 feet. To meet these separation standards, Taxiway A will be relocated directly south of its existing location to accommodate the recommended 400-foot separation.

Name of Public Agency Approving Project: Humboldt County Board of Supervisors

Name of Person or Agency Carrying Out Project: Humboldt County-Department of Aviation

Exempt Status: ***Categorical Exemption*****: Section(s):** 15301 **Type:** Existing Facilities

Reason why project is exempt:

This project moves an existing, non-standard taxiway to a new location in an already disturbed area within the airport's boundary. The construction would occur only within areas currently utilized by aircraft for landing, taxing, and departing and not in environmentally sensitive areas. The current design was developed through coordination with the Federal Aviation Administration and has been accepted as compliant with all applicable safety, and environmental requirements.
