4. BACKGROUND

Governor Newsom issued Executive Order (EO) N-73-20 to improve broadband speed and access in California, including improving download speeds for all Californians and to bridge the digital divide for two million Californians who lack broadband access. The EO specifies older adults as a priority population, particularly during the COVID-19 pandemic, as older adults are more vulnerable to COVID-19, are continuing to shelter in-place and may be experiencing reduced interactions with other people and their communities. This has led to increased risks of loneliness and isolation for older adults with potentially negative outcomes to mental and physical health. The EO is also in alignment with goal three of Governor's Newsom's Master Plan on Aging that prioritizes addressing the digital divide that directly impacts older adults.

In 2021, the Governor signed Assembly Bill (AB) 135 into law, which added Welfare & Institutions Code (WIC) section 9104, which required the California Department of Aging (CDA) to create the Access to Technology (ATT) program. This ATT program provides all Directors of County Human Services departments with the opportunity to apply for grant

funding provided by the CDA for the administration of services and supports in alignment with the Centers for Medicare & Medicaid Services (CMS) Home and Community Based Services (HCBS) spending plan. The ATT program is a 27-month program (October 1, 2022 - December 31, 2024) to meet the needs of diverse older adults and adults with disabilities to connect older adults and adults with disabilities to technology to help reduce isolation, increase connections, and enhance self-confidence. Grant funds appropriated for this pilot program are non-competitive and will be provided to all county human services departments (hereinafter known as “grantee”) that opt to participate.

5. CONTRACTOR RESPONSIBILITIES:

- A. Allowable uses of funds awarded to grantees that receive grant funding through this program include, but are not limited to the following:
 - 1. Purchase and provision of technology, which may include, but is not limited to, laptops, tablets, and smartphones, to older adults and adults with disabilities.
 - 2. Arranging for reliable internet access (via service plans) to older adults and adults with disabilities.
 - 3. Broadband infrastructure improvements (telecommunications equipment, technologies, routers, fiber optic lines, etc.)
 - 4. Developing or arranging for education and training of older adults and adults with disabilities on the use of technology.
 - 5. Conducting outreach about the program.
 - 6. Administration of the program, including data collection and reporting (not to exceed 10% of the total grant award).
- B. To carry out the responsibilities of this Agreement, Grantee should leverage existing programs that provide one or more of the services listed under section (A) above, if applicable, with the intent to provide maximum benefit to the greatest number of residents. If no existing Grantee programs provide one or more of the services listed under section (A) above, Grantee shall leverage its existing programs that is not providing one or more of the services listed under section (A) above, with the intent of providing maximum benefit to the greatest number of residents.
- C. Grantee shall ensure recipients of this program meeting the following eligibility criteria:
 - 1. Older adults (60 years of age and older) and adults with disabilities.
- D. Grantee shall develop and administer program evaluation and quality assurance tools, which may include but are not limited to, client satisfaction surveys and questionnaires.
- E. Grantee shall collect and maintain programmatic data for reporting (e.g., number of clients served, type and number of devices and equipment purchased), services being provided (e.g., internet data plans and digital literacy training), and other forms of programmatic data.
- F. Reporting Requirements:
 - 1. Grantee must submit a final report within 30 calendar days following the end of the award program period and no later than by January 31, 2025. This should include, but not be limited to, client satisfaction surveys, a narrative of lessons

learned and success stories. CDA will withhold reimbursement of the final monthly expenditure report until receipt and approval of the final report.

2. Grantee shall submit monthly expenditure reports and quarterly programmatic reports as required by CDA.
3. Grantee must be willing to participate in program evaluation efforts to be conducted by CDA or its designated representative at the end of the program period. The evaluation may include a brief survey, interviews, collecting sample success stories and documenting lessons learned.

6. Approvals

- A. The Grantee shall obtain CDA's prior written approval of Grantee's program description as stated in sections 5 above, prior to the Grantee performing the required services as outlined in this agreement.
- B. All approvals, orders for correction, or disapprovals from the CDA shall be in writing. If the CDA rejects a program description, Grantee shall make required corrections within the time frame required by the CDA.

7. CDA Responsibilities

- A. CDA Grant Agreement Manager shall provide guidance, information, and access to CDA staff as required by the Grantee to provide services under this Agreement.

- 2) Please provide a detailed description of how grant funding will be utilized to meet the Program Goals above and any intended uses not specifically stated above:

Providing technology, which may include, but is not limited to, laptops, tablets, and smartphones, to older adults and adults with disabilities.

Develop policies to procure and distribute equipment to DHHS [older adults and adults with disabilities] clients in eligible programs or community partner agencies that will reduce barriers to accessing technology for daily living. Policies and equipment will enable participants to stay connected with family/friends, provide access to services that require online enrollment or maintenance, participate in telehealth appointments, sign up for and receive county emergency alerts,

access health and wellness content on the internet, access online grocery/food delivery services, shop, conduct online banking, etc. Distribution may be in the form of equipment lending libraries developed with other county programs such as county libraries or with established community partners. Distribution can also be implemented via leveraging existing policies of other older adults emergency benefits programs such as Home Safe.

Equipment might include but may not be limited to:

- Devices (e.g., video cam attachments) that enable video chatting in smart TVs or computers supporting communications with family and telehealth.
- Devices (e.g., Roku) that enable smart capabilities of regular televisions supporting access to health and wellness education materials, library content, life-long learning tele-programs, etc.
- Voice enabled devices (e.g., Facebook Meta Portal, Echo with Alexa, etc.) to control television and other supportive home devices such as lighting and thermostats, play educational podcasts or handsfree communication with family and service providers
- Sound bars, blue tooth speakers, headsets to improve audio quality of televisions or other communications devices.
- Tablets for client training, referrals and intake activities, completion of programmatic forms or documentation, collection of health data for provider appointments, etc.
- Assistive technology interface devices for computers or tablets such as speech recognition or screen reading software, joysticks, head pointers, etc.

Arranging for reliable internet access (via service plans) to older adults and adults with disabilities.

County will leverage existing program policy similar to Home Safe and other older adult emergency benefits programs arranging for reliable internet access or data plans in emergency or crisis situations.

Developing or arranging for education and training of older adults and adults with disabilities on the use of technology.

Develop a Mobile Digital Access program that serves remote areas of the county using mobile hotspots (AT&T FirstNet Blackhawks), existing cradle point technology, or satellite connectivity for the vehicles and tablets.

- 1) Leverage existing county Mobile Outreach vehicle and program resources to support additional access to APS, IHSS, Older Adults Behavioral Health and other applicable DHHS programs serving older adults and adults with disabilities. Provide hotspots, tablets, and staff to support access to service enrollment, delivery, and maintenance. In addition, provide hands-on assistance and materials for a variety of how-to-use topics e.g., video chat, google maps, texting, health care apps, signing up for county emergency alerts, etc. Provide additional outreach for proposed Mobile Digital Access Team (See bullet 2).
- 2) Create a Mobile Digital Access Team that can operate independently of the DHHS Mobile Outreach Program. Team members will visit existing public spaces in a dedicated program vehicle or two and provide hands on training and workshops for older adults and adults with disabilities in how to use tablets, phones, other devices, and their respective apps to meet the

intended objective of this grant, combating isolation, building confidence and self-empowerment. Make referrals to partner agencies for additional technical resources.

We intend to leverage existing community partnerships in reducing digital divide barriers for older adults and adults with disabilities. For example, A1AA provides free tablets and coordinates an existing train the trainer technology access program for older adults. We would like to use funds to expand the train the trainer model creating a network of digital access trainers to help the county's older adult population use technology to stay connected to family, participate in telehealth, sign up for county emergency alerts, access health and wellness content on the internet, access online grocery and food delivery services, etc.

Government agencies are mandated to meet accessibility standards for digital content. However, most employees don't know how to make a document or email message screen-reader friendly or use formatting that's accessible to older adults or adults with disabilities. Funding from this grant would be used to develop and provide employee training curriculum on how to create digitally accessible documents and content for electronic distribution via public websites or mailings using existing enterprise software.

3) Additional Comments:

Two-thirds of Humboldt County residents live outside city limits in unincorporated areas of the county. Remote communities can be a 2-hour one way drive from services. Due to the rugged terrain, internet connectivity can be challenging. Even communities closer to town can lie in the shadow of a cell tower which produces dead zones. Expansion of broadband infrastructure for internet carriers and service providers can be unfeasible in many areas of Humboldt County merely due to the geography which includes steep terrains, tall trees, large bodies of water, areas of cultural significance, inclement weather, and potential for wildfire destruction.

The services hub in the most remote communities of the county often centers around the local schools and family resource centers. These hubs provide accessible spaces for residents regardless of age to apply for and receive a variety of services. DHHS often funds services and programs that operate from these hubs. In addition, [DHHS Mobile Outreach](#) van makes monthly stops in each community providing referrals, applications, and service delivery such as behavioral health counseling or public health prevention programs.

Because of these existing community partnerships and programs, we're confident we can bring a Mobile Digital Access team online quickly and efficiently with the help of this grant to reduce the very real digital divide access barriers in Humboldt County.

Similarly, DHHS Older Adults Programs have existing, inhouse expertise and passion to plan and support digital divide barrier reduction programs for older adults and adults with disabilities. One of our analysts developed DHHS's department-wide Digital Content Standards Guide (included in application packet) for distributing digitally accessible public documents and content before transferring to the Older Adults program. Furthermore, analysis of digital divide challenges across Humboldt County and in IHSS recipients was conducted in 2020 as part of our Ongoing Supervising Social Worker's [graduate thesis](#). The abstract¹ is as follows:

¹ Proffitt, Lauren E., "Access to technology in Humboldt County: measuring digital preparedness at the start of a pandemic" (2021). Cal Poly Humboldt theses and projects. 475. <https://digitalcommons.humboldt.edu/etd/475>

This research is based on summer 2020 online survey data from a stratified random sample of 573 clients and care providers of a rural Northern California government social services agency. The goal was to study information technology access in Humboldt County, California, and the range of digital preparedness of clients of a local government agency: Humboldt County In-Home Supportive Services (IHSS). IHSS serves several groups of rural residents with low-income, foremost of which are older adults and people with disabilities. In 2020, in compliance with federal requirements, IHSS discontinued systems for paper-based client/provider confirmation of services, moving to digital technology-based service record keeping. Findings were that adults with disabilities, with lower-income and/or who live in a rural location have lower access to technology, were lower technology users, have less confidence with technology, need more help with technology, and are more unready for technological change. Native Americans, non-binary folk, and those with lower education were also more likely to have less access or be lower users. Changes needed for personal use following the COVID-19 pandemic and shelter-in-place orders, as well as in anticipation of IHSS service changes, included new computers and phones, and upgraded internet and phone services. The above groups were those who needed these changes the most. Overall, these people are considered digitally unprepared and lag behind the rest of the digital world. This research provides empirical evidence for IHSS and Humboldt County adoption and implementation of National Digital Inclusion Alliance guidelines for client and provider, training, technical assistance, and material assistance.

Humboldt County DHHS recognizes that we are on one side of the digital divide and the people we serve are on the other. Federal and state agencies are increasing mandates for electronic interfaces to access and receive DHHS programs and services. Older adults and adults with disabilities in addition to other marginalized communities especially in remote, rural regions have increased barriers to accessing and using the technology required to benefit from needed programs and services. Even our tech-savvy staffers have had difficulty helping their own parents or family members navigate online social services applications such as BenefitsCal. We're thrilled that the California Department of Aging has prioritized funding to mitigate the effects of digital divide barriers on our most vulnerable and fragile clients. With this allocation, Humboldt County DHHS can leverage resources across its many programs and services and with its existing community partners to reduce digital divide barriers for our aging and disabled adult communities.

13. DISPUTES

The Grantee must continue with the responsibilities under this Agreement during any dispute. In the event of a dispute, the Grantee must file a "Notice of Dispute" with the CDA Agreement Manager or designee within ten (10) calendar days of discovery of the problem. The Notice of Dispute must contain the Agreement number. Within ten (10) calendar days of receipt of the Notice of Dispute, the CDA Agreement Manager or designee must meet with the Grantee for the purpose of resolving the dispute. In the event of a dispute, the language contained within this Agreement prevails.

14. DISPUTE RESOLUTION

In the event of a dispute, Grantee will discuss the problem informally with CDA's Grant Agreement Manager. Within ten (10) days of receipt, the CDA Grant Agreement Manager shall meet with the Grantee for purposes of resolving the dispute. Any dispute arising under the terms of this Agreement which is not disposed of within a reasonable period of time, the Grantee may bring it to the attention of the Deputy Director of the Division of Home and Community Living (DHCL) at dhcl@aging.ca.gov. The decision of the CDA DHCL Deputy Director shall be final. Unless otherwise instructed by the CDA Grant Agreement Manager, the Grantee shall continue with its responsibilities under this Agreement during any dispute.

15. RIGHT TO TERMINATE

This Agreement may be terminated by either party hereto upon written notice delivered to the other party at least thirty (30) calendar days prior to the intended date of termination. By such termination, neither party may nullify obligations already incurred prior to the date of termination. In the event of Termination for Convenience of this Agreement by CDA, CDA must pay all responsible costs and non-cancellable obligations incurred by the Grantee as of the date of termination.

16. TERMINATION FOR CAUSE

Either party reserve the right to immediately terminate this Agreement for cause subject to written notice. However, each party will have ten (10) calendar days after receipt of the termination notice to cure the breach. If the breach is not cured within ten (10) calendar days of receipt of notice, the CDA shall reimburse the Grantee for all documented costs incurred up to the date of termination, including all non-cancellable obligations.

17. FORCE MAJEURE

The Grantee shall not be liable for any failure to perform as required by this Agreement, to the extent such failure to perform is caused by any of the following: labor disturbances or disputes of any kind, accidents, failures of any required governmental approval, civil disorders, acts of aggression, acts of God, energy or other conservation measures, failure of utilities, mechanical breakdowns, materials shortages, disease, pandemics, or similar occurrences.

18. SUSPENSION OF PAYMENTS

A determination of breach may be appealed in writing and post marked within ten (10) calendar days of the date of notification, and emailed to CDA, Legal Office at Legal@CDA.ca.gov.

19. BREACH PROVISIONS

The Grantee may be in material breach under this Agreement if it fails to comply with any term of this Agreement. In the event of a material breach, CDA shall provide in writing a Notice of Breach to the Grantee within ten (10) calendar days upon discovery of breach. Grantee shall have ten (10) calendar days from receipt of the notice to cure the breach. If the Grantee fails to cure the breach within the time prescribed by this Agreement, CDA may do any of the following:

- A. Suspend payments;
- B. Demand repayment of all funding;
- C. Terminate the Agreement; or
- D. Take any other action deemed necessary to recover costs.

If CDA determines that Grantee is not in material breach but that a Project is not being implemented in accordance with the provisions of this Agreement, or that Grantee has failed in any other respect to comply with the provisions of this Agreement, and if Grantee does not remedy any such failure in a reasonable manner, CDA may withhold all or any portion of the grant funding and take any other action that CDA deems necessary to protect its interests.

Where a portion of the grant funding has been disbursed to the Grantee and CDA notifies Grantee of its decision not to release funds that have been withheld pursuant to Exhibit C, Suspension of Payments Provision, the portion that has been disbursed shall thereafter be repaid immediately. CDA may consider Grantee's refusal to repay the requested disbursed amount a contract breach subject to the default provisions in Suspension of Payments Provision.

If CDA notifies Grantee of its decision to withhold the entire funding amount from Grantee pursuant to this paragraph, this Agreement shall terminate upon receipt of such notice by Grantee and CDA shall no longer be required to provide funds under this Agreement and the Agreement shall no longer be binding on either party.

In the event CDA finds it necessary to enforce this provision of this Agreement in the manner provided by law, Grantee agrees to pay all costs incurred by CDA including, but not limited to, reasonable attorneys' fees, legal expenses, and costs.

20. PUBLICITY AND ACKNOWLEDGEMENT

The Grantee agrees that it will acknowledge CDA's support whenever projects funded, in whole or in part, by this Agreement are publicized in any news media, brochures, publications, audiovisuals, presentations or other types of promotional material in accordance with the Grant Procedures Manual, if applicable. Grantees may not use the CDA logo.

21. NEWS RELEASES/PUBLIC CONFERENCES

The Grantee agrees to notify the CDA in writing at least two (2) business days before any news releases or public conferences are initiated by the Grantee or its Contractors/Consultants regarding the project described in the Attachments, Scope of Work and Budget and any project results.

22. SCOPE OF WORK AND BUDGET CHANGES

Changes to the Scope of Work, Budget or the Project term, must be requested in writing to CDA Grant Administrative Contact no later than thirty (30) days prior to the requested implementation date. Any changes to the Scope of Work and Budget are subject to CDA approval and, at its discretion, CDA may choose to accept or deny any changes. If accepted and after negotiations are concluded, the agreed upon changes will be made and become part of this Agreement. CDA will respond in writing as to whether the proposed changes are accepted.

23. REPORTING REQUIREMENTS

The Grantee agrees to comply with all reporting requirements specified in Scope of Work and/or Grant Procedures Manual, if applicable.

24. EQUIPMENT

Purchase of equipment not included in the approved Budget requires prior approval.

25. CLOSEOUT

The Agreement will be closed out after the completion of the project or project term, receipt and approval of the final expenditure report and financial closeout report, and resolution of any performance or compliance issues.

26. CONFIDENTIAL AND PUBLIC RECORDS

The Grantee and CDA understand that each party may come into possession of information and/or data which may be deemed confidential or proprietary by the person or organization furnishing the information or data. Such information or data may be subject to disclosure under the California Public Records Act or the Public Contract Code. CDA has the sole authority to determine whether the information is exempt from public release. If CDA deems the data exempt, it shall maintain such information as confidential and notify the Grantee of any requests for release of the information.

27. PROPERTY DAMAGE CLAIMS PROCESS

Should a property owner claim damages arising under, related to or involving this Agreement, the Grantee shall forward the property owner's written request for compensation to the CDA Agreement Manager. The written request shall be fully supported by factual information. The Deputy Director or designee will have thirty (30) calendar days after receipt of the written request to render a written decision. If a written decision is not rendered within thirty (30) calendar days after receipt of the request or the property owner disputes the CDA's decision, the property owner may file a claim with the California Department of General Services.

28. AMENDMENTS

Changes to funding amount or Agreement term require an amendment and must be requested in writing to the CDA Agreement Manager or designee no later than sixty (60) calendar days prior to the requested implementation date. Amendments are subject to CDA approval, and, at its discretion, may choose to accept or deny these changes. No amendments are possible if the Agreement is expired.

No amendment or variation of the terms of this Agreement shall be valid unless made in writing, signed by the parties, and approved as required. No verbal understanding or agreement not incorporated into this Agreement is binding on any of the parties. This Agreement may be amended, modified or augmented by mutual consent of the parties, subject to the requirement and restrictions of this paragraph.

29. COPYRIGHT

- A. The Grantee owns and retains titles to any copyrights or copyrightable material from any original works that it creates within the scope of this Agreement in accordance with the federal Copyright Act (17 U.S.C. 101, et seq.).
- B.
