Eureka, CA 95501

Dear Elaine Hogan:

Request for Application (RFA) Determination: #22-11012, Local Cannabis Education and Youth Prevention

Congratulations! The application submitted by your Agency in response to RFA #22-11012, Local Cannabis Education and Youth Prevention, is approved for funding. The California Department of Public Health (CDPH), Substance and Addiction Prevention Branch (SAPB), intends to award a Grant Agreement to your agency pending the successful finalization of your application to incorporate any needed modifications.

The anticipated total funding amount for your agency is **\$600,000** for up to a thirty-six (36) month Grant Agreement term beginning June 30, 2023, or upon CDPH Contracts Management Unit (CMU) approval, whichever is later, through June 29, 2026. **Funding is contingent upon available revenue collected in The Control, Regulate and Tax Adult Use of Marijuana Act (Proposition 64); available funding appropriated by the Legislature; and approval of the State Budget.**

CDPH/SAPB will contact you within the week to schedule a Modification Meeting to discuss your application and any modifications that may be needed. The Modification Meeting will be an opportunity to ask questions regarding the terms, funding, and/or conditions of the Grant Agreement. For this reason, CDPH/SAPB strongly recommends the Project Director/Project Coordinator and Fiscal Contact attend the meeting.

CDPH/SAPB will also contact you within the next several weeks regarding the grant agreement and all communication will be via the CDPH Cannabis email: [Cannabis@cdph.ca.gov](mailto:Cannabis@cdph.ca.gov).

Please note, work may **not** commence until the Grant Agreement is fully executed as communicated by CDPH/SAPB and CMU. Any work done before the full execution of the Grant Agreement will be deemed voluntary and without State reimbursement.

Thank you for your application and your interest in educating youth and increasing youth prevention activities regarding underage cannabis use. We look forward to working with you on our mutual goal of empowering local communities in preventing cannabis use among young adults.

Sincerely,

Shanna Schneider, Chief  
Program Support Unit  
Substance and Addiction Prevention Branch
