Apps #	Application Date	Key Parcel Number	Additional Parcel #	Owner Name	Case Numbers	Coastal Zone	Canopy Size Sq Ft	Project Description
10232	2/26/2016			Rasmussen Kerry & Susan S	SP16-009	No	1400	<p>A Special Permit for an existing commercial medical cannabis operation. The operation is an indoor cultivation area of approximately 1,400 sq ft. The project applicant currently leases the buildings used for cultivation from the property owner, which include a 1,200 sq ft barn, a 200 sq ft shed, 1 acre for access and parking as well as for potential future construction of greenhouses and outbuildings (if future permitting allows). The McKinleyville Community Services District provides the source of water for the cultivation site. Pacific Gas and Electric provides electrical service, which the applicant has enrolled in the Solar Choice for Business, to purchase 100% of the power from solar developers. Electrical service is currently served by an existing PGandE 200 amp service to the property, with underground cables providing a 125 amp subpanel to the barn and a 40 amp subpanel to the shed. The applicant is currently working with PGandE to permit and upgrade the electrical service which will provide a dedicated 200 amp service to the barn and shed. It is estimated that the cultivation facility will use 10,000 KWH per month. The applicant proposes future development of a new 10,000 to 22,000 sq ft mixed light commercial cannabis expansion with installation of greenhouses on the current cultivation site.</p>

2 10235	2/26/2016			Rainmaker Properties Llc	CUP16-006	No		A Conditional Use Permit for an existing commercial medical cannabis operation on the parcel of land known as Assessor parcel numbers 104-261-006 and 105-021-001. The operation is a 20,976 square foot outdoor cultivation using greenhouses. Product grown on-site will be processed by up to ten employees. Water is provided by an on-site diversion of McNutt Gulch. The applicant is seeking permits for installing groundwater well. The project site is not located in area with community water or sewage disposal services.
3 10236	2/26/2016			Nagel Matthew S	AA16-013 SP16-010	No	7300	A Special Permit for an existing commercial medical cannabis operation. The operation is an outdoor cultivation area of approximately 7,300 sq ft. Adjacent to the cannabis cultivation area, there is a 2,000 sq ft personal use vegetable garden on the project site. The applicants receive water from two sources, the Willow Creek Community Services District and a small domestic use underground stream with an attached 1,600 gallon water storage tank. The stream and the water tank are used solely for watering the domestic use vegetable garden. The site is currently developed with a residential home where the two managers of the cultivation reside, as well as a barn for storage of fertilizers, pesticides, and amendments for agricultural operations.
4 10237	3/24/2016			Stephens Jim R & Rosalie	AA16-014 ZCC16-006	No	4992	A Zoning Clearance Certificate for an indoor medical cannabis operation. The operation will occupy 5,000 square feet inside an existing commercial structure. The operator is seeking a Type 3A State license. The subject property is served by an existing on-site sewage disposal system.

5 10240	2/26/2016			Hooven Arthur T & Karen Mtr	AA16-017 SP16-011	No		A Commercial Cannabis manufacturing facility. The facility will utilize approximately 800 square feet within an existing approximately 3,000 square foot shop building. The facility may produce water-based medical marijuana concentrate and food-based medical marijuana concentrate as well as solvent-based medical marijuana concentrate using butane, propane, CO2, ethanol, isopropanol, acetone and/or heptane. See Operations Plan and Manual for further information.
6 10241	2/26/2016			Monschke Josh P & Peacock Julie M	AA16-018 SP16-012	No		Special Permit for Cannabis manufacturing and processing. Manufacturing will include food-based cannabis products as well as solvent-based products including but not limited to co2 and butane extraction. The project includes a new building of approximately 6,000 square feet, and associated parking for 23 vehicles. Design review is required as part of this application.
7 10242	2/26/2016			Tomac Llc	AA16-019 SP16-013	No		A Commercial Cannabis manufacturing facility. The facility will utilize approximately 3,600 square feet within an existing approximately 16,800 square foot shop building. The facility may produce water-based medical marijuana concentrate and food-based medical marijuana concentrate as well as solvent-based medical marijuana concentrate using butane, propane, CO2, ethanol, isopropanol, acetone and/or heptane. See Operations Plan and Manual for further information.

Apps #	Application Date	Key Parcel Number	Additional Parcel #	Owner Name	Case Numbers	Coastal Zone	Canopy Size Sq Ft	Project Description
8 10243	2/26/2016			Mercer Fraser Company	SP16-014 GPA16-003 ZR16-002	No		A General Plan Amendment (GPA) and Zone Reclassification (ZR) to change the land use designation from Commercial Recreation (CR) to Industrial, Resource Related (IR) and to change the zone classification from Highway Service Commercial (CH) to Heavy Industrial (MH) for the parcel of land known as Assessor's parcel number 522-491-017. The proposed changes are requested to better reflect the existing use of the property as Mercer Fraser Company's gravel yard and batch plant operations. Also the applicant is seeking a Special Permit to operate a cannabis products manufacturing facility of approximately 5,000 square feet in size. The facility will produce medical cannabis products using both nonvolatile and volatile solvents. According to the applicant's plan of operation, the facility may operate 24 hours a day during peak season. The facility will not be open to the general public and will not accept visitors. The GPA and ZR must be approved by the Board of Supervisors in order for the requested Special Permit for the manufacturing facility to be approved.
9 10244	2/26/2016			Mercer Fraser Co	SP16-015 ZR16-001	No		A special permit for food-based and solvent based cannabis manufacturing, including but not limited to co2 and butane extraction. A new building of 5,000 square feet is proposed. A zone reclassification is proposed to change the zoning of the property from Agricultural General (AG) to Heavy Industrial (MH). The zone reclassification is predicated upon the assertion from the applicant that the existing General Plan designation (Graze) is in error.

10251	2/26/2016	[REDACTED]		Courtemanche Lori J	AA16-025 SP16-017	No	3800	A Special Permit for an existing commercial medical cannabis operation. The operation is a mixed light using a greenhouse approximately 3,800 square feet in size. The operator is seeking a Type 1B State license from the Regional Water Quality Control concurrently. The operation will also include processing of product cultivated on-site in a new 1,200 square foot metal building. Water for cultivation activities is provided by an existing groundwater well.
10256	2/26/2016			Christie Raymond F & Jennifer L	ZCC16-001	Yes		
10258	2/26/2016			Christie Ray & Jennifer	SP16-018	Yes		A proposed Special Permit for an existing 2,500 square foot indoor cultivation area within an existing barn on the property. The proposed Special Permit would also allow an expansion of the proposed indoor cultivation area by an additional 2,500 square feet to a total of 5,000 square feet. The proposed Special Permit is associated with another project on the same property - a Zoning Clearance Certificate for a proposed new 10,000 square foot mixed light cannabis cultivation area. (ZCC-16-007). The parcel is served by onsite water supply and sewage disposal systems.
10259	2/26/2016			Moore Alexander B	CUP16-007	No	43560	A Conditional Use Permit (CUP) to license an existing 25,720 square foot outdoor cannabis cultivation area and a new 7,840 outdoor cannabis cultivation area for lease. This CUP is in association with proposed CUP's for five other proposed one-acre cultivation areas on the same property, and a proposed CUP for an existing 17,680 square foot outdoor cannabis cultivation area on the neighboring property (APN 107-311-002). The parcel is served by on-site water and sewer systems.

38 10394	3/29/2016			ANDREWS PATRICK W & ANN-SOFIE HW	SP16-028	No		An application for a Special Permit to permit an existing cannabis cultivation comprising approximately 9,360 square feet of cultivation area, as well as appurtenant facilities. In addition to the greenhouses, appurtenant structures include a facility for drying, curing, grading, and trimming, as well as water diversion works and appropriate water storage. The parcel is approximately 138 acres in size, is outside of the Coastal Zone and within the State Responsibility Area (SRA) for fire protection.
39 10396	3/30/2016			Franklin Ronnie and Hudson Sequoyah UWJT	SP16-029	No		A Special Permit for a commercial cannabis cultivation operation consisting of a 3,840 sf greenhouse, a 3,000 sf greenhouse and 2,500 sf outdoor cultivation area, on-site drying in an existing storage building and on-site processing. The property is zoned Forest Recreation (FR) and is 34.5 acres in size.
40 10400	6/15/2016			Englyng Erik S & Holly E	AA16-140 SP16-061	No	10000	Pursuant to the Humboldt County Commercial Medical Marijuana Land Use Ordinance (CMMLUO), Section 314-55.4.1 et seq., issuance of a Special Permit for up to 10,000 square feet of existing mixed light cannabis cultivation, up to two cultivation cycles per year. The project includes moving the existing 5,000 square foot cultivation site near the west property line to be adjacent to the existing 5,000 square foot grow site in the center of the parcel to result in a single cultivation site of 10,000 square feet in the center of the property. The water source is a diversion from an unnamed creek. The applicant is proposing to not use water from the creek between May and October consistent with the CMMLUO.
41 10405	6/27/2016			Wojcik Daniel M & Robin C	AA16-115 CUP16-045	No	29000

10406	4/1/2016			S&S Cornerstone Developments Llc Co	CUP16-022 SP16-032	No	43560	Application for a Conditional Use Permit and Special Permit to authorize the following new medical cannabis operations: 1) a 5,000 square foot nursery; 2) 20,000 square feet of manufacturing; 3) 20,300 square of processing; and 4) 43,560 square feet of mixed light cultivation. The proposed 20,300 square feet of processing will occur in an existing building. For all other medical cannabis operations the applicant is proposing to construct new structures. Additionally the applicant is proposing the following supportive development activities 1) 7,500 cubic yards of grading to prepare the site; 2) development of a one million gallon pond; 3) 103 on-site parking spaces and two loading spaces; 4) drainage improvements including an overfill drainage swale and detention basin; and 4) a new on-site sewage disposal system. The Willow Creek Community Services District will provide water service for the operation. Flower-McNeil Road, a County road, will provide access to and from the site. The operation will employ fifty employees once fully operational. The site is currently developed with a 20,300 square foot commercial building and a residence. Additionally, inoperable vehicles are presently being stored on the site, which will be removed as part of the project.

51 10487	5/27/2016			Edward Wilkinson	AA16-162 ZCC16-013	No	9792	Application for a Zoning Clearance Certificate to authorize the following new medical cannabis operations: 1) two 3,420 sq ft (30x114ft) mixed light greenhouses for flowering plants; 2) one 1,152 sq ft (24x48ft) mixed light greenhouse for vegetative growth and nursery (clone) plants; 3) a processing building (20x40ft) for drying, processing, and trimming; 4) a stand-alone bathroom building approximately 10x20ft; 5) two 200 sq ft (10x20ft) storage sheds; 6) a proposed well will be drilled on the property and water storage tanks will be installed. All associated buildings for the cannabis operations will total less than 10,000 sq ft on the property. A building permit for a farm dwelling, garage and storage building, are also contemplated for this property. The property is located within the airport zones associated with the Rohnerville Airport, in zone A, B1 and D. No buildings are allowed in zone A, none are proposed as part of this project. All buildings located in zones B1 and D will not exceed the maximum allowed by the building code (34 ft). The light deprivation kits included with each greenhouse are designed to block all light transmission between the greenhouse interior and exterior, and therefore, are not expected to cause a conflict with airport operations. Additionally, any stored water onsite is required to be covered (or held in storage tanks) to not attract birds nor cause any reflective interference with airport operations.
52 10508	5/11/2016			Renfro Robert T Jr	CUP16-030	No	22000	A Conditional Use Permit for a commercial cannabis cultivation facility up to 22,000 square feet of mixed light. The site was in operation prior to January 1, 2016. No on-site processing is proposed.

Apps #	Application Date	Key Parcel Number	Additional Parcel #	Owner Name	Case Numbers	Coastal Zone	Canopy Size Sq Ft	Project Description
64 10564	5/27/2016	[REDACTED]	[REDACTED]	Reynolds Russell L & Rebecca D	ZCC16-010	No	4992	Application for a Zoning Clearance Certificate to authorize the following existing medical cannabis operations: 1) one existing 32'x96' greenhouse; 2) one 20'x96' greenhouse, both mixed-light existing cultivation. The total cultivation area is approximately 4,992 square feet. Each greenhouse is equipped with solar fans and supplemental lighting is achieved by a Honda 2000 generator. The generator is within a containment area and supplemental lighting will occur over approximately 4 weeks annually. Water is provided to the site from a spring-box into water storage tanks totaling 17,800 gallons. The applicant proposes additional storage of 30,000 gallons with the addition of six 5,000 gallon storage tanks and/or the construction of a pond. The tanks and/or pond will be filled by rainfall during the winter months. All drying and processing of product will occur at the owner's other project, APN 210-221-024 approximately 2 miles away, in a 28'x32' shop.
65 10566	5/27/2016	[REDACTED]	[REDACTED]	Shepherd Ben & Wahlund Wendy	AA16-199 ZCC16-011	No		Zoning Clearance Certificate for a proposed new 10,000 square foot mixed light cannabis cultivation area. The use will accommodate up to five growing cycles per year. The proposed Zoning Clearance Certificate is associated with another project on the same property - a proposed Special Permit for proposed indoor cultivation area within an existing barn on the property (SP-16-054). The parcel is served by onsite water supply and sewage disposal systems.
