Description of Work (Attach Plans)

Vero Fiber Networks, LLC (California Public Utilities Commission Certificate of Public Convenience and Necessity #U7344C) proposes to install conduit in approximately 9 miles of public right-of-way along the Pacific Coast in the Arcata area in Humboldt County (1.1 miles in the City's right of way). The Project consists of two parallel bore paths, referenced as FH1 and FH2. FH1 and FH2 run parallel to eachother on SR255. FH1 turns north and runs along K Street, runs west along 10th Street, then north along N Street, east on 11th Street, then north along N Street tying into an existing manhole. FH2 turns north and runs along J Street, then west along 11th street before tying into an existing manhole.

NOTES:

- It shall be unlawful for any person to excavate in or to construct, install, or maintain any improvement, structure, or encroachment in, on, over, or under any City property, tidelands, street or easement without first obtaining from the City Engineer a permit therefore, or to maintain the same without such permit or in violation of the terms or conditions thereof. ('63 Code, § 7-1.02)
- Do not attach Encroachment Permit Fee to Application. The Encroachment Permit Fee is due when the Encroachment Permit
 is submitted, and the Permit must be signed in our office. The Permit is not valid, and work cannot begin until the applicant
 and/or contractor sign the Permit.
- Prior to issuance of an Encroachment Permit, each person performing construction shall furnish to the City of Arcata Engineering Department, Certificate(s) of Insurance and Endorsement(s) as described in the "Insurance Requirements for Contractors" handout, or such other insurance requirements as prescribed by the Department.
- A separate Encroachment Permit shall be issued for each additional person/contractor performing construction.
